U.F.W.

The regular meeting of the
Alix branch U.F.W. was held on
December 25th with the president
in the chair.

The principal business before
the meeting was the forming of
committees for 1919. These were
as follows:

Financial--Madames Maryat,
Foster and P. S. C.
Library--Madames J. P. S. C.,
Foster and P. S. C.,
Entertainment--Madames Maryat,
and Reed and Mrs. Richard.

Program--Madames S. C. P.,
Hall and S. C. P.,
District Names--Madames T.,
S. C. P., Wolfenden, Gilbert and
O'Brien.

Red Cross--Madames Bullard
and Finlater.

Social Service--Madames S. C. P.,
D. C. P. and T. P. S. C.

The members of all committees
will meet on Saturday, January
4th, in the club room. Other de-
tails of business were that a ju-
nior be employed for the winter
months, that the club meet the
second and last Saturday of the
month, that a charge still be made
for the less proceeds to go in the
Red Cross and also that the sec-
retary give the report of the con-
stitution and do all press work for
the club.

Following the business was a
talk by Mrs. Parley in which she
spoke of the ideals which all club
members should be trying to
make real and of the loyalty of
the members for their club with
all that loyalty embraces. Mrs.
Parley's talk left a vision of the
social and economic reform
which can be brought about by
the organized force women stand-
ing shoulder to shoulder with the
men's organization.

Papers suggesting other lines
for the club to follow read to
make the close of the meeting.

At the January 11th meeting
the resolutions from various U.F.W.
locals to be brought before
the annual convention will be
discussed and the delegates in-
structed as to the wishes of the
members regarding them.

The will be carried by Madames
Clark and Bullard.

-U. F. W.

The regular meeting of the Alix branch U. F. W. was held on 11th January with Mrs. Clark, the 1st vice, in the chair. The meeting was so attended, that resolutions were read and with the exception of two were adopted. Of the two one was rejected and one was rejected and one was left to the discretion of the delegates. The meeting proved very interesting and it is to be hoped that these resolutions dealing with things which are so vital to the welfare of all here people will ultimately bring about some needed changes. The next meeting will be on January 18th. Mrs. Hall will read a paper on "Canada as a Nation" and each member is to give ideas of the most important city the women use the state. You will be served by Woodhead Foster and Fletcher.

COURT

On Monday, January 14th, P. Hays v. H. F. Hays. Plaintiff sued defendant for past due wages. Judgment for plaintiff \$100 and costs.

On Tuesday, January 15th, L. Dand v. J. Henselridge. Defendant charged amount. Plaintiff claimed \$80 balance. Judgment of \$80 for plaintiff each to pay their own costs.

In both cases G. H. Darlow appeared for plaintiff and G. G. Morris for defendant.

An special meeting of the Women's Institute will be held on Tuesday at the home of Mrs. Yarrow.

THE WATERTANKERS

On the night of Saturday, 11th, people living in the vicinity of the Red Tank south east of Alix were much alarmed about 9 p.m. at a sudden outbreak of war whoops and loud rattling bells, which seemed to indicate a party of Cree Indians were on the war path. Scouts were sent out to reconnoitre, when it appeared that the terrifying sounds proceeded from the residence of Mr. Clark Walsh. Further evidence investigation disclosed the fact that Mr. and Mrs. Walker appeared to be entertaining a party of friends and that the war-whoops which had so disturbed the vicinity of the usually peaceful neighborhood were merely the welcome greetings of two early arrivals, Bob Murry and Alfred Sullivan.

We understand a very pleasant evening and very merry was spent. The guests consisted of a rather large supper followed by dancing and games. Amongst those present besides the host and hostess were Mr. and Mrs. Turner, Mr. and Mrs. Roberts, Mr. and Mrs. Bob Murry, Miss Lane Sullivan, A. Sullivan, Miss Reid, John Burton, H. Gurnee, L. Schepel, and W. Turner.

ENTRAYS

On the premises of E. T. Haines a 16 3/4 lb. 32-34, one brown pony mare driving double two white half red, small strip in face, weight about 500 lbs., very wild, branded on left thigh; one Clyde gold; light bay, two white hind feet, white spots on forehead, weight about 1100 lbs., no ribble brand; this horse is suffering from pinkey.

On the premises of J. C. Carter, s. w. 1/4 32-33-34, one red cow about eleven years old, branded K on right side with red bell on it side, apparently early spring 1918 calf; three animals between on the above premises about six weeks.

JUNIOR U. F. A. LOCAL FORMED

A meeting was held at the home of Mrs. Walter Parley for the purpose of organizing a Junior U. F. A. local of boys and girls on Saturday, Feb. 1st. Eleven joined and we hope to have quite a few more before our next meeting. Mrs. Parley gave a brief outline on the reasons for organizing and read the report and constitution drawn up by the convenor of the committee on Young People's Work. After some discussion, nominations were called for. Marshall Smith was elected president and Humphrey M. Parley secretary-treasurer. Miss Alice Boland sang two or three songs and several choruses were sung. A very pleasant afternoon was spent.

These results were obtained on a precipitous slope throughout the season of 1933 and as recorded at the Dominion experimental farm at Lethbridge, Alberta. They are hard to beat in any country and show that Alberta's soil is at least as rich as any other in the world.

From Life in Western Canada
Residents of the United States at present having an opportunity to see the picture, "Life in Western Canada," in many of their cities and towns, are amazed at the scenes of films showing vast stretches of land in Western Canada, still being run by the cowboy and the stagecoach theatres in the country, dealing with irrigation farming and the raising of stock. Some of the picture makers are now planning to make some pictures from the breaking of the back to the harvesting of the wheat, and the preparation of the land to the harvesting of the crop. It also shows the raising of stock and the irrigation of the water to the land.

Another deals with the dairy industry. The picture shows the dairy industry in the West, and the people who live on the farms, and the people who live in the cities. It also shows the people who live in the cities, and the people who live on the farms.

Still another picture shows the people who live in the cities, and the people who live on the farms.

Growth of Centres of Population of Prairie Provinces

The rapidity of the growth of the centres of population of the prairie provinces during the past years has been a highly marked feature. Between 1911 and 1921 the centres of population in the prairie provinces increased by more than one hundred and eleven are almost unprecedented. It is high time that the consensus phase of the problem presented by the fast approaching winter be put to rest. The time has come when the population of northern Canada should be taken out of the talk stage into the stage of action.

"I know who used buildings are going to be the fact that the biggest quick increase in population is going to be in the suburbs. The housing accommodation, about 50% will suddenly be, as a premium, to be built in the suburbs. It will come fairly quickly showing for most of the population in the housing preparation already."

In almost every case, the manufacturers of many building commodities who are finding it difficult to obtain raw materials are also finding it difficult to obtain finished goods. In the case of lumber, the manufacturers are struggling to restrain the impulse to buy too far in advance of need. The manufacturer, on the other hand, knows that it does not get the full benefit of the extra profit, and counting upon the great activity developing in Detroit, officials of the industry are working closely together as a scale preparer for perhaps the biggest haul in the history of the industry.

There is no doubt that the dealer has no choice on having his stocks laid up until spring. Behind the dealer's position is the fact that the demand is here, the supply is extremely moderate, so the price must be high. LOCAL HAPPENINGS

Get your grove office for Monday next, the 17th.

Mr. Lacey, who moved into town a short time ago, is this week creating a stir in his new abode at the C.P. R. on Main Street.

Mr. and Mrs. G. H. Johnson were summoned to Seattle on Monday last to the serious illness of the former's sister, Miss Hazel Johnson.

Harry Wilson returned to Kewell on Monday after spending three pleasant days at the home of his brother here.

An excellent hot week Mrs. A. S. Shepard received the end news of the death of her mother at Winnipeg. Mrs. Shepard is known to a large number in this district, she having visited here last summer, as a kindly woman and the news of her death will deeply regretted by those who made her acquaintance during her visit here. We join in extending the deepest sympathy to Mr. and Mrs. Shepard.

Mrs. H. Connelley, Mrs. C. H. Yarrow and Miss Mulla went to Calgary on Monday to attend the Convention of Women's Institutes which convened in the Central Methodist Church all day week. Miss Mulla was the representative from the Alix local.

THE SOCIAL AND RECREATION COMMITTEE

The Box Social and Recreation Committee is to hold its second dance on Friday night of next week (March 21st) promises to be an attention well worth attending. The teacher, Miss Lark, has gone to a considerable trouble and spent a lot of time in preparing for this event and an interesting evening is assured. There will be light dancing, drills, games, and instrumental, etc. The proceeds will be divided between the Red Cross Society and the school fund, so it is up to everyone who can possibly do so to attend this social event. There will be no admission but the ladies are requested to bring baskets and the men folk will be expected to purchase them. Come.

AGRICULTURAL MEETING

A meeting of the Alix Agricultural Society was held in the hall on Monday evening, March 18th. The following directors were present: G. D. Duff, W. H. Duff, R. L. Tooper, C. F. Duff, E. M. H. Parry, J. W. Taylor and G. M. Garrow.

The new president, Mr. C. F. Duff, occupied the chair and W. L. P. Duff was re-elected secretary. The principal business was hearing the report of the Fairgrounds committee which stated the negotiations were in progress to acquire the old grounds west of the village.

Mr. Taylor suggested that the society offer prizes for a Black and White Cattle Competition. All seemed to think it a good idea and the secretary was instructed to write the 10 farmers to get particulars. Back out for further particulars later and begin now to prepare your stock for the next autumn sale.

THE DATE IS MARCH 26

Posters have been issued setting the date of the Old Folks' Social at Home on Wednesday, March 27th. This year it will take a new form, and the invitation is to all. From 10 to 10:30 there will be a Musical Program, then a dance to music supplied by a special orchestra. At midnight supper will be served in the Imperial Hall, after which you may dance till the rooster crows. It is planned to make this the best evening ever, to supply entertainment for dancers and non-dancers. The admission to pleasure and dance is in the pence and the supper extra.

ANOTHER BOY HOME

We are pleased this week to welcome back Pvt. John A. Darlow, another of the Alix boys who took his part in the great world struggle. "Jack" was overseas in Nov. 1916 with the 24th Canadian Infantry and has been in service almost 18 months. He landed in England on Thursday of last week and after spending a few days with his mother, Mrs. J. R. Darlow, came up to visit his uncle and aunt. Mr. and Mrs. Gies, R. M., Elton, will expect to see him here when he returns from his discharge. He returns south to day.

You will find quality a strong feature of our Shoe Stock, only dependable known lines are carried, you cannot buy a really good shoe at a low price, but you will find our prices very reasonable when quality is compared.

Dressmaking

We have opened a dressmaking department in connection with our Alix Store. We believe the women of the Alix district will appreciate our efforts to assist them with their Spring Shopping—at present this department is an experiment and its continuation will depend entirely on the patronage it receives.

We hope to make it a permanent department.

NEW Imported Gingham

Fashion says large checked Gingham will be more in favor than ever for summer dresses, the attractive patterns and splendid wearing quality add to practical values. Our patterns are all new.

Dress Goods

Silks are still the leaders for Spring Dresses, they represent better value than most woolen goods, and are generally better liked. You will find our Silk Values very attractive.

Doubles In Ireland

LONDON.—An Especial *Dublin* dispatch given by the Mail as a by-product of a dispatch representing the situation in Ireland as being extremely bad and maintaining that the need of effective self-government is more urgent than ever before.

It is stated that the Sinn Féin members of the House of Commons have been released, the dispatch says, "there will be a new assembly of the Irish parliament which will probably be a very troublesome affair without an authoritative administration to balance its activities. Local troubles and the import of the provisions of the bill is impossible for the British government to handle them. There is

hardly a section of Irish labor which is not preparing or threatening to strike for demands which no em-

The well intentioned schemes of General Viscount Franch, lord-treasurer for social and industrial improvement, have gone by the board and there is a dangerous situation which can be handled only by a Irish parliament."

Assassination Was Deliberate Plot

Winnetka Court Wanted to Get Rid of Archbishop Foreman

Born. — Charges that the non-

assassination of Archduke Francis Ferdinand and his wife, the Duchess of Hohenberg at Sarajevo on June 28

1914, was the result of a deliberate plot by the late Count Tisza, former Hungarian premier, are made in the pamphlet. Written by a priest who was the spiritual adviser of the Duke of Hohenberg, according to a Vienna dispatch to the Frankfurt *Gaetzte*, the pamphlet entitled "The Sarajevo Murder and Count Tisza's responsibility for the World War," is said to have made a profound impression in Austria.

It is declared that Francis Ferdinand repeatedly refused to go to Sarajevo and it was only an appeal to his courage that induced him to make the trip.

The most elementary precautions were "omitted," it is accused by the priest. "He was simply led into a trap prepared by the court at Vienna and by the Hungarian aristocracy, headed by Count Tisza."

The general idea of the pamphlet is that Magyar magnates with the consent of the Vienna court wished to use aid of the archbishop who was

to give it the attention, which was extremely disliked, and which was a guarantee for the murder at the expense of the Negro Slave, who would be made helpless. It is pointed out that no "proper" inquiry was ever made into the tragedy, and that no one was made responsible for the fact that precautionary measures were not taken.

Durson. — Stocker Stockerson, explorer, and his five men who landed on an Arctic ice floe last year, expecting to float toward Siberia, have landed near the mouth of the Colville river, Alaska, not far from Baker Land, where they started, according to word brought here by the Royal North West Mounted Police.

On this they drifted one hundred miles west, seventy miles north, a

DEATH OF MRS. DITTO

Following a week's sickness, at 8 o'clock Wednesday morning, April 2nd, Marie Reine Mathews, beloved wife of Mr. A. G. Ditto, passed into the great beyond, death being due to heart trouble following an attack of influenza.

She deceased was in the prime of life, aged 35 years and 8 months, the wife of a kindly disposition and a friend of all who knew her. In addition to a sorrowing husband she leaves three little children. Agnes aged 10 years, John aged 7 years and baby aged six months.

The funeral took place at 2 o'clock on Thursday to the Alix Cemetery, the service of the Catholic Church being conducted at home and graves.

We join in extending a deep sympathy to the bereaved ones.

DEATH OF MRS. TUCKER

This week it is our sad duty to chronicle the death of one of our old timers, in the person of Mrs. L. M. Tucker, which occurred last night early Thursday morning at the age of 80 years. The cause of death was dropsy of the heart which developed after the flu.

The deceased was a native of the U. S., being born in the state of Illinois, but almost twenty years with her husband she came to Alberta and settled in Alix district.

The funeral will be held on Sunday April 14th, service at the house at 10 a. m. Interment in Alix cemetery.

We join in extending sympathy to the bereaved husband and one child, Mrs. V. B. Belt of Otonabee, B. C.

DEATH OF ROBERT C. HARTY

The Wednesday afternoon of this week there passed of R. C. Harty, one of the old-time residents of Alix, who was born in the Catholic church of which he was a member. Deceased was not but a few days having been confined to bed with the flu, and it was a shock to the entire community when the news of his death passed away from the wife who was a native of Ireland but some six years ago came to the country and settled in the Alix district where he has given himself an education in farming. He was a young man, only 37 years old, and leaves a wife and father-in-law. We feel the deep tragedy of the family in extending sympathy to those in distress.

ALIX COUNCIL MEETS

The regular meeting of the Village Council was held on Monday evening with all the members present. The main question discussed was the fitting up of our streets and sidewalks as much as possible. This is a very big problem inasmuch as a large number of our walks are in a deplorable condition and our Main street requires grading. In the early spring it is the intention of the board to open up the roadway on Railway Ave. from the hotel corner to the cemetery, thus eliminating the necessity of using the alley.

The matter of setting the date when the business tax must be paid was also brought into discussion, the date not being May 1st and a motion was put through granting a reduction in assessment where the specialty of a block was in use as a residence. The resolution is to file.

The members of the town hall was instructed to have all empty gas tanks for the first engine refilled of course. The council decided to strictly enforce the change by-law this spring. Other matters taken up were the enforcement of the by-law restricting the running at large of cattle within village limits, also the matter of necessary issue of new in place of job in all instances.

DEATH OF THOMAS

Mr. A. G. Dixon wishes to thank the men and boys for their kindness and sympathy during the sickness and death of his wife.

FOUR PASSENGER TRAINS A DAY EFFECTIVE AFTER APRIL 15TH

Two Local Trains One Back Way Out of Alix Every Morning Returning Same Night—Passenger Service to Remains Unchanged

Following the announcement made by the Star some two weeks ago, the passenger service the C.P.R. line will take effect on Sunday, April 15th.

The new service will provide for two extra trains leaving Alix each morning on the north and one each returning the same night. The service on the south end of the line will be increased with a train leaving for Calgary the same morning and also returning the same night.

Under this new plan which will be in force for the summer months and longer if the business warrants it, the train for Edmonton will leave Alix about 7 o'clock in the morning and does have about 120, arriving in Edmonton at about 12 o'clock noon. Returning the train will leave the city about 6 o'clock in the night reaching Alix between 10 and 11 o'clock, and return twice a week later.

The present passenger service, that is the through trains from Edmonton to Calgary will continue on their present schedule, there being no change at either end from present reports.

The new schedule also provides for an increase in local freight trains which number has been added to by three per week, making a daily service both north and south each day—Buckley Star.

Mr. D. McNeil returned from the Lunenburg hospital on Monday. Very ill, we are pleased to report, very much improved and on the way to complete recovery.

Mr. Trappe is erecting a barn on his farm south of town.

Mr. C. H. Johnson of Bottler was a visitor in town on Monday of this week.

All members of the Odd Fellows Lodge are invited to meet at the hall of Alix Lodge No. 14 on Sunday next, April 21st, at 7:30 p.m. sharp, for the purpose of attending Divine Service in the Presbyterian church at 2 p.m. Rev. "THE GRID FOR NOTHING"
An Alix man had been fired from his job on the ranch. He wandered into the general store in the little Western town and greeted all the people there. He was popular, though only a grid-for-nothing.

"Heavy, huh," said Jack. "I've been thrown out of my job and now I'm looking for something else to do."

"I'm looking for a handy man around the store," said the proprietor. "Do you want the job?"

"I've been everything around this place except the school children and the butcher," said Jack. "I'll take the job."

One of the scenes in "The Grid for Nothing" shows Jack, in his first dress suit, trying to impress a bunch of fellows that have come from their camp. He slips and slides around in the efforts and the men become a mess. The scene is a hilarious one. A very interesting thing about it is that the scene is a real one. It is the scene of a real life. He has remained on the scene one of his experiences while a store clerk in Banff, Alberta.

IMPERIAL HOTEL

CHANGES HANDS

Mr. R. F. Francis, who has been a resident of Alix for the past five years, this week disposed of his hotel business and leased the building to Mr. A. Clark, who recently arrived from Regina, Sask. Mr. Francis is now in the United States. It is understood that this is the first time the Imperial Hotel at Alix has been sold. Mr. Francis says he will run up to Alix again. The new proprietor, who is already well known to a large number of our people, had possession on Wednesday and is having the building thoroughly renovated and will soon be in a run as up-to-date as the latest hotel.

U.F.W.

(Crowded out last week.)

Twenty members and several visitors were present at the regular meeting of the U.F.W. on Saturday. The president presented Mrs. Timpe with a gift of several pounds of silver from the club. A circular from the provincial board on the Bays and Girls Conference was read. A collection of \$1.50 was taken to be sent to the Junior's Branch Conference Fund. It was agreed to let the Alix Junior Branch choose their own delegate to the Conference. Mrs. Bone was named as the member from Alix to attend the District Association for the periodical riding. Mrs. Bone was also asked to confer with the ladies on matters pertaining to school day.

Four members of the Junior branch took the remainder of the meeting, each dealing with some phase of rural betterment: Miss Olive Koss on "The Importance of Grouping Current Events", Humphrey Purley, "The Benefits Derived From Education", Miss Ewald, "The Social and Educational Side", and Kenneth Smith, "Rural Life as it was and now". At the next meeting, May 18th, Mrs. Bone will give an address on "Mothercraft".

The Chap. Budget month closing, ownership last week (you understand).

S. PARCER CHURCH

Rev. Canon Macklin of the Methodist Mission will speak in the Parlor Room on Tuesday, May 13th, at 8 p. m. Canon Macklin is a very old timer and we are sure the people of the town would do well to be present. He is speaking to the old times in Alix the next day at 8 p. m.

There will be a special Parish meeting on Tuesday, May 13th at 8 p. m. to take up the matter of the War Memorial. The committee has everything in shape and a report to give. We would like to see the memorial set up as soon as possible after peace has been signed. We hope all who attend the church will be present.

ROCKED THE BOAT AND

SHIPPED THE CONTENTS

Did you ever have the excited feeling of going in for a dip with Henry Ford? You know not the extreme pleasure it affords one but may have some idea if you interview "Cur" at the Alix Garage. Monday morning he put out for Henry with the truck in front of gas. Everything went lovely until they hit the grade on the north side of the Hamlet Lake bridge, then things happened quick, the hauling crew way and over went the car into the lake, splashing the human freight into a cold bath, and accumulated a crisis for it, but beyond the dip in the water was done and Henry was out with the tractor and pulled Henry out. They got off lucky but this brings to light the fact that the apparatus are in a bad condition, in fact they never will be right until filled with such.

THEY'VE FOUND HIM!

What? Why, the proudest Thrift Shop buyer in Canada. Not only is he the proudest, but buyers of the little prosperity pledges will have to stop some to meet his record.

At 2 p.m. on the closing day of the War-Savings drive in Alix, Sask., last week, was born a new citizen. Before he had been a citizen in law, he was the actual, if not constant, possessor of our Thrift Stamp. None of this youthful member of Canada repeats his birthday performance every day for 25 years, he will have spent \$1.00 for Thrift Stamps, but he will collect at the end of that time just \$1.00, or nearly double his investment. Pretty well for the Youngest Citizen, is it not?

A MODERN GARAGE

W. E. Toot, Chevrolet dealer for Alix and Alix, will this week commence making extensive improvements on the Empire Garage, Limited. The building will be extended back to the Alley, another 30 feet and will be made one of the best garages in the Province. In addition Mr. Toot has secured the corner lot adjoining his garage and will make arrangements to put up a building 50 by 120 feet, the same length. Chevrolet sales this spring having been fine, the Chevrolet is more popular than the spring car now, they seem to like the sport with people who want a really modern car at a reasonable price. It sells on its merits and the new ones all have proud owners who are real buyers. With these new buildings Mr. Toot will be able to give real service to owners.—Advt.

Much is said and written these days about the small village or town and its future. In particular, attention is being directed to present and future prospects of the town and village educational in the face of the increasing competition afforded by the big school houses in big cities.

When the farmer buys from a city house he is compelled to pay cash in advance, nor has he the privilege of first inspecting the goods he purchases. When he buys from the local town merchant he thoroughly examines the goods in advance of purchase.

SAVE TO BUY A \$50 GOVERNMENT BOND

All persons who buy War Savings or Thrift Stamps should set a \$50 Dominion Government bond as their objective. This may now be had for \$40 and a few cents, redeemable on January 1, 1920, at \$50. Such an objective makes saving worth while.

For one thing it will be a strong incentive to continued saving. Then it is very profitable, the return being 4% per cent compounded half yearly, which is practically 5 per cent. The purchase of a \$50 bond will also be of material assistance to the Government in meeting its heavy after-war responsibilities.

At the meeting of the Executive of the Agricultural Society on Tuesday last the final arrangements were made for the Fair on the 6th of August.

The matter of better accommodation for the stock men under discussion and it was decided to erect shelters for that purpose so that these exhibitors will be out of the hot sun. This will be welcome news to the stockmen.

It was also decided to eliminate the gate ticket and issue a badge instead.

THANK YOU NORMAN
 Mr. Norman (Triffin), who has been spending the past few weeks at his home here, leaves today for Moosejaw to resume his position with the C.P.R. We understand that at a very early date he will be succeeded by "Chaplin" (Curt), the happy party in the case being a Miss MacRae. We wish them all happiness. Through our columns we thank Norman for his very efficient services as pitcher for the Alix baseball team as he was in no small degree responsible for the winning of the games of the past few Saturdays. Good luck to you.

HAROLD LOCKWOOD
PLAYS A DUAL ROLE
 Harold Lockwood plays a dual role in "Land, Sea and Sky" at the Metro Alibi Theatre. The play will be featured on the program of the Regal Picture House on Saturday. "Land, Sea and Sky" is a farce comedy and the story begins when the Earl of Glough is advised of the coming from Europe of his domineering wife, Sophrosine, and to escape he arranges to trade identities with his double. Warren Bille, second story man. The complications start with the arrival of Sophrosine and are further developed when the Earl and his double meet the same girl, Bessie, who is played by the star's leading lady, Pauline Corley. As the Earl is married and Bessie, the daughter of each house, the girl is wholly attracted and general confusion results.

SIGNING OF PEACE CELEBRATED AT ALIX
 Saturday, the occasion of celebrating the signing of peace proved to be a real fine day in Alix. Arrangements had been made for a parade to the sports grounds and accordingly at 2 P.M. the procession lined up at the town hall and in music supplied by the Alix band proceeded down to Main street. First came John Bell, Mr. U. G. Morris, and Pauline Corley. Mr. R. W. Waddy carrying the large standard shield of the U.W.V., then the band and the veterans and a large string of extra number of which were handsomely decorated for the occasion. Mrs. O. A. Thompson following the \$10.00 prize for the best decorated (parade) into in the procession.

Arriving at the grounds the first item on the program was a baseball match between the South Buffalo Lake and Mirror clubs, resulting in a win for the latter team 6-0. The game was a good one from start to finish and C. Blackwell made a first-class stop. The athletes were then called and each award was read and then off in splendid style. The second ball game Alix vs. the winners of the first contest, was commenced and the teams quick to take their position and Alix won the first to bat, with Griffith and Triffin in battery, while Jephson and Triffin took the positions for the visitors. There was plenty of hitting on both sides and it was exciting to the spectators. The ball that occurred for the day was by the home team. The following

We draw your attention to the list of sports for the Alix Fair which will be found on another page of this issue. The committee have compiled a program which will make an afternoon of enjoyment for young and old and the prizes are good. The Alix Band has been engaged for the day and will item things up. Arrangements have been made for handling the refreshments end of the day, the U. F. LOCAL HAPPENINGS

Lois Lodge A. F. & A. M. are making arrangements for the entertainment on August 22nd of all the returned veterans, their wives and sweet hearts. We understand the evening will take the form of music, dancing and banquet.

Don't miss the Big Dance in the hall at Maynes this evening (Fri. Day).

The open-air band concert on Wednesday evening was very much appreciated.

Put out a flag on Wednesday next "Fair Day."

No other merchant nowadays ever attempts to "out-guess" people into making sure they choose just for the sake of immediate sale. Most merchants realize that there is a tomorrow a next week and a next year—and most merchants hope to be doing a better business then next year. Mr. Oliver Siddons has rented the Hall cottage on Main street and Mr. J. Todd will take up business in the cottage being vacated by Mr. Siddons.

Regina, Sask.—Much advertising is being given this province in the *National Geographic* as the result of the

United States claims recent action by the work of the Soshchivaya Land Settlement Association, formed at the instigation of the Dominion Department of Immigration recently for the purpose of handling inquiries concerning farm lands received by the

officers of the Canadian immigration authorities in the United States. During the past month 6,000 letters have been received by the association and distributed among the members, who under the provisions of the by-

laws must bring the legislators fully. From the nature of the letters received it is stated by the secretary of the association that conditions in this province are quite imperfectly understood in the United States.

Large Sum For Stockyards Improvements

Between \$750,000 and \$300,000 is

to be spent this year in improving and enlarging the Alberta Stench Yards at Calgary. The yards are to be paved, sewerage put in, and the whole of the older portions modernized as much as possible. Other improvements are being made, and are supplemented by irrigation. Probably crops can be and are being raised every year, for the conditions are ideal.

Judge (severely): "How can you

improvements and extensions will be made from time to time as it is the intention that the stockyards shall be kept thoroughly abreast of the times, and the live stock business is constantly increasing.

The colonel beckoned to his orderly. "Smith, I wish you'd ride into the town and get the correct time." "Why, sir," Smith hesitated. "I haven't a watch."

"A watch; a watch!" roared the colonel. "What is the name of scoundrel who want a watch for? Write it down on a piece of paper, man."

FAIR UPHOLDS STANDARD

GATE RECEIPTS WERE LARGEST ON RECORD

Fairless weather greeted the 15th annual exhibition on Wednesday, and in consequence the attendance was good and the day one of enjoyment for the sight.

The stock exhibits this year were particularly good, there being close to a hundred entries in horse and cattle, a little there was a notable increase in dogs and sheep.

The vegetable exhibit was a surprise to all, there being 52 entries of this class, while there was some fine showings of other grades.

The sporting program for the day was well filled and each event was keenly contested. There were a goodly number of some, both local and outside, to contest the horse racing events and met a few of the red and blue ticklers from the district.

The purse of \$100 for baseball was fought for first by Mirror and Deliver, the former winning in the tenth inning by a score of 7-6. The second game Alix and Clive was carried by the visitors 13-6.

The baseball Mirror and Alix

was so easy win for the home side.

The pictures and dance in the evening were well patronized and enjoyed, the five-piece orchestra being a special attraction.

The Alix band did themselves much credit.

It was a good day and will be remembered as such for some time.

The list of prize winners will appear in next week's issue.

LOCAL HAPPENINGS

Mrs. (J. B. Thompson will be at home Monday Aug. 26th from 4 to 8 o'clock P. M.

Many women acquire the habit of studying the store ads through the postman to search for " bargains." They usually adhere to the habit through the sugar period of always buying to last of value.

Nobody wants a newspaper without advertising. Few people want a newspaper unless it carries the full news of the store in the advertising category.

OVER THE TOP

We would like to acknowledge some our owners to be a little discretion with the tooling apparatus. We would not see this week to passing a town, which had pulled out for his benefit, who kept his horse single all the time. Our conclusion was that the same was trying to create a tall of fan, have some sense.

All his tools have not been shipped on the home diamond this season. Having to sleep.

The shooting season is drawing near, duck shooting three weeks from Monday, September 1st, and partridge and grouse chicken a month later, October 1st to November 1st.

Alix is up against the same proposition as a good many other towns, namely the housing of the people. The big cost of material puts the "rent" for rental practically out of the question, but the (tramp) local building could be purchased very reasonable and would look better converted into dwellings and prove a paying investment. Now, don't all you moneyed men jump at once.

The numerous showers of the past ten days have made a wonderful difference in the crop outlook, so far some farmers add to the prospect a rainy cloud of last year, and that our district as a whole is away beyond expectations. 25 bushels of wheat will be common and 30 to 35 of oats the average.

Billy Sunday converted a Japanese recently, who was a butcher. The next day his business had a large dinner party and the Jap was told to do his best. Ours are some come on and the guest were delighted with the dinner. Finally the Jap brought on a huge omelette, on a floral tureen, and commencing that Billy Sunday had closed his service with prayer, the Jap figured out that he would close the dinner with a religious exclamation. Not knowing much of the language or of the Bible, he decided to choose the phrase which converted him. So the guests were amazed to find on the table in engraved writing: "Prepare to meet thy God."

Out down the capsize—An exchange says that a mailman comes clothes, out and trousers and, much of paper, was to be measured, cut and completed in four hours. The material, not counting the making, amounting to be 35c. All you need, apparently, is a few sheets of paper and a pot of paint. We will the attention of A. Clark, to this, but should any Alix man decide to try such a sale we take no responsibility for what might happen if he is caught out in the rain.

In its issue of July 31st the Alberta Gazette announced the appointing of W. L. Pettit as an honor of marriage license.

Every person receiving a letter on your business, satisfactory forms an impression of you and your business from that bit of printing. If it is distinctive, appropriate, artistic, that impression is of high value to you. You can use this kind of stationery at The Free Press.

You may always buy at the right price if you keep in touch with the store ads.

LOCAL HAPPENINGS

Ed. Hogg of Delburne was a visitor to our town from Tuesday till Thursday of his week. He informed us that the Progress is to be published again. We will be pleased to see a shot from our sister town's new move.

On Wednesday J. R. Gaudin had the misfortune to have his horse destroyed by fire and his purchases station perished in the blaze. The origin of the fire is a mystery.

More advertising places those who study it as a means of entire equality of opportunity to buying.

They Are Not Aspirin

There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations. Look for the "Bayer Cross"! Then it is real Aspirin, for which there is no substitute.

Aspirin is not German, but is made in Canada by Canadians, and is owned by a Canadian Company.

ST. PANORAS CHURCH

Dear Friends
As you already know the Bishop
of the Diocese has asked me
to take charge of the St. Panoras
Mission and I am leaving after
Monday, September 16th.
For the sake of my successor I
should like to leave things in
good shape. We are asked again
this year for \$100 as our Mission
Assessment. I past year it has
been the custom for the rectors to
collect the greater part of this
sum in the fall but owing to the
shortage of time I should ap-
preciate it very much if the par-
ishioners would send in their
contributions to the fund as
soon as possible to Mr. W. H.
Mitchell. If each will take the
trouble to do this it will save a
great deal of time.
I hope that we shall be able to
say good bye to so many as gen-
erally after our happy 8 p.m.
pastoral visit on your midst.
I remain,
Fellowship, your pastor,
W. H. Mitchell

on Monday of last week and re-
turned Monday. The boys and
the fishy tribe wobbled in much
to hit the hook, otherwise they

We are pleased to note that
the council have returned to the fact
that our streets need repairing.
If the way were to be laid from

Who were the parties who stole
the horse from the drug store on
Monday evening? \$50.00 worth
has made it a get-away.

MONTHLY CROP REPORT

The condition of grain, fodder and root crops in Alberta is very distinctly improved at the present time, in contrast of a month of favorable weather over practically the entire province.

In the Peace River Country the crops are generally quite heavy and the cutting period is now well advanced. Root crops are excellent, cattle and horses are looking well and there are great increases in cattle stock due to the offerings from the North.

In Central Alberta extending right to the eastern boundary, which was very dry earlier in the season, crops of all kinds are considered to be at present quite beyond expectation as of a month ago.

Really the situation in Central Alberta is that, really grain crops are not heavy, this applies particularly to wheat. Early oats are not heavy but where not so early they have shown a greater ripeness than was expected and barley is coming in most places and the late oat crop is quite heavy. Lucas are excellent.

Pastures are improved very greatly. There has been a light crop but the rains are going to do more than simply improve the pastures. There will be considerable late hay cut as a result of rains during the past three or four weeks.

Cutting of all kinds of crop is general in Central Alberta. In Southern Alberta there is not much new to report with respect to grain crops. There will be some feed on fields that have failed and the pastures are freshening. Fescue is now doing well but is not sufficiently advanced for this time of the year. The potato crop is considerably improved.

Most of the south country has received about four inches of rain within the past three or four weeks. The soil is now in condition for cultivation.

BERT LITTELL SEEN IN NEW ADVENTURE PLAY.

"Hitting the High Spots," to be shown at the Regal theatre on Saturday.

A new adventure story, with intrigue and romance closely interwoven in the gripping plot, will be shown at the Regal theatre on Saturday in the clever Metro production "Hitting the High Spots" with Bert Littell as the star.

Following his usual course this young actor is again seen in a red blooded drama which gives him great opportunity for his dramatic as well as athletic abilities.

The story takes the beholder to Mexico with the young engineer who has determined to save some American owned oil wells from being confiscated by the rebel Mexicans in a barren and bloody revolution. He is met with treachery and obstacles nearly overtake him. He is saved, however by a devotion of a young girl whom he had befriended earlier in the play. Having conquered in his fight for the oil wells he has almost lost the girl he loves. Now he comes out as a hero in a thrilling scene in this clever play which is unusual in its many values and dramatic scenes.

Among the special members of the cast are Elvira Perry, winner of the Gold Medal, Gordon Griffith, Fred Goodwin, Houston Mack, Al. Edmundson, William Regis Ryan, William Courtwright, and Irene Stone. The play was directed by Charles Swickard.

Telling him she must attend a meeting of the League, the Grey Lady joins the others, while Ullian is surprised to see the dead men come to life. Then, the floor on which Ullian is kneeling tears and he falls to the floor below. THE MEADOW CREAMERY CO. ALIX, ALBERTA

LOCAL HAPPENINGS

Mr. and Mrs. J. W. Dempsey arrived in Alix on Wednesday and have taken up their residence at a lot of town.

A funeral was conducted for Mrs. Edm. Holden on Thursday of last week in the Parish room, by the members of St. Patrick's Church. A well-filled house was present. Mr. Holden is taken of a pneumonia for his five years work in this parish. Mr. Holden gave a short but suitable reply on behalf of himself and Mrs. Holden.

Mr. A. B. Blount and children, are spending a couple of weeks with Edmonton friends.

Mrs. Cunningham returned to Calgary on Wednesday after visiting Mrs. H. W. Paszner for a couple of weeks.

I will have a car of Tuesday next in Alix early next week. Please or leave your orders without delay—R. Hoppin.

A city man says that it is his rule to offer his seat in a street car only to elderly women. We see that poor man's faith when the ladies come to endorse the rule.

A few of our citizens dined at Mirror Wednesday evening.

OBITUARY

The death took place on Tuesday Sept. 16th, twelve miles north of Alix, of one of the old timers of this district, in the person of Thomas Ireland, at the age of 86 years. Deceased had been confined to bed for eleven months and the end came as a relief. He leaves a wife and nine children. The funeral on Wednesday was under the auspices of the Alix Menzies Lodge, W. F. McFadden being in charge while F. H. Mitchell, C. B. Talmann, R. F. Francis, J. D. Murdoch, Del. Jewell and Chas. Leitch acted as pallbearers. Interment took place in Lacombe Cemetery.

Among the friend tributes was a line from sisters J. B. Macle and F. B. Mitchell of the Kootenai Star.

The ladies of the Presbyterian Church will serve tea in their rooms on Main Street Saturday afternoon, Sept. 20th.

A. Gilman, H. P. and Mrs. Gilbert of Lacombe will visit us in our town on Wednesday.

Antiquary Harry Lynn of Regina was a pleasant visitor in our town on Thursday.

Education Pays On The Farm

Statistics show that farmers who have had an education make larger incomes than those who have received but little schooling.

An education is ever necessary now than it was thirty years ago. Farming has changed greatly in this period. There is more to it than their grain will grow, housed by head and threshed of it with a flail. They ground their grain between stones and lifted the wheat out of the mill in sacks. They treated their unsoundest cattle for "diphtheria" and "mad" in the tail and plastered their grade "in the moon." The corn and the soy were their only means of transportation. The farm houses had no conveniences; houses were lit with tallow, the stoves required constant supply of hard work. Now the farmers have larger farms. They cut and bind their grain with binders and thresh with engine driven separators. They frequently plow with tractors and sow their own automobiles. They select varieties of grain that are known to give larger returns than the ordinary varieties. They treat their seed to control diseases and plant at rates per acre, which experiments have shown to give most bountiful yields. They select improved types of breeding animals and feed their stock in accordance with knowledge derived from the chemistry of foods. The farm houses have been greatly improved.

To keep up with the times and to make the most money from the farm one should have how to farm in accordance with the most improved methods. You can learn these methods at the Old School of Agriculture. Education pays. You can learn in a few months what it would take years of experience to give you. Talk with any of our students or get the value of the course.

Classes in Agriculture and Domestic Science commence on October 29th. For particulars write:

Buying Bonds is Common Sense Act

DOES APPEAL TO BUYERS IS WORTH OF WESTERN FARMERS

Investing profits in Victory Bonds has a particular appeal to the Western farmers. The action is a sort of merry-go-round in which the farmer makes money at each turn. Not only does he gain a good rate of interest, but he secures himself a market for his products at probable profit.

The big business of Canada is built on foreign trade. This foreign trade has to be financed. Victory Loans proceeds provide the credits. The farmer is provided with markets.

The grain grower of the west is receiving \$2.15 a bushel for his wheat, and proportionately good prices for his other products. As a matter of good business, the Western farmer is urged to invest every cent of his earnings that he can spare in these bonds.

LOCAL BRIEFS

Mr. and Mrs. J. W. Taylor celebrated the 15th anniversary of their wedding day on Sunday last. They had as their guest Rev. E. B. Bishop, who had attended the U. F. W. the day previous. It was Mr. Bishop who performed the ceremony twelve years ago in the town of Okotoks. We wish our worthy citizens may move years of united happiness.

Mrs. E. E. Brown returned on Saturday from Lacombe much improved by her treatment in the hospital.

Regular meeting of the village council next Monday evening.

On Saturday last while skating on ice in the field Mr. E. M. H. Parley had the misfortune to break three ribs and got a bad shaking up when he took a little tumble. We are pleased to report that he is well on the way to complete recovery.

Mr. Herb Lloyd has returned from his visit to friends in the north country.

We are pleased this week to welcome once again to our midst Dr. and Mrs. A. B. Sherr who have just returned from England. They appear much delighted by their trip and we trust will again settle in Alix.

Freddie Sherron spent on Wednesday, October 1st, a most plentiful and good sport is reported.

Mr. Joe Van Br. is a guest of friends in Alix district.

The editors have given—you must know.

On Friday evening of last week fire completely destroyed the residence and effects of Mr. George Bell, 9 miles north-west of Alix. Mr. and Mrs. Bell were at the station at the time the fire started and when they reached the house it was beyond saving, in fact it was only two children George was badly burned as was also his little girl. The explosion of a gasoline lamp caused the conflagration. We join in extending sympathy to our old friends and trust they will be around again in a short time.

Leads the crippled soldier a hand—Ray Victory Woods.

The U. F. W. of Alix are preparing a hamper of clothing for some of the strikers families in the northern part of the province and will be grateful for contributions for same. Out grown garments in good repair will help. Contributions kindly leave donations at the U. F. W. club rooms on Saturday p. m. Oct. 11th.

A. C. Foster Alix, Alberta

Alta. September 25th, 1919
"Will you kindly allow me through the medium of The Alta Free Press, to protest most strongly against the running at large of cattle in the town of Alix, every day two or three head of cattle visit my garden. One head is headed by a red bull cow, and there is included in the bunch a white bull, a steer or bull. The other head is headed by a red bull cow, and there is included in the bunch a white bull, a steer or bull. On Thursday afternoon, between 5 and 6 p. m. a bunch of 9 got into my garden. We were at supper and my two boys were in bed. It was only when Mrs. Mitchell of the telephone office ran over and told us that a lot of cows were in the garden, were we aware of the fact.

This is the second visit from the same bunch. Naturally, I am not so far from the garden, to show them out, the fence gate had shut and the cattle which were approaching on my wife hurried to open the gate, turned back into the garden and with a rush, made a break to the fence, which is composed of a wire, with good posts at intervals. In the rush and jump, the young steers took a section of the fence with them and getting their feet entangled in the wire, ran by leaps and bounds in a circle, which landed them in the garden again, and broke down the fence again, carrying three more about posts with them, and breaking them off as they entered the ground and carried it a way, and the 7 points into the garden again, completely tangled up, and what of the garden, it was as if a tornado had passed, cabbage, lettuce and pulled up, and potatoes they looked most fearful, and trampled down. To conclude this part, it took me over two hours to fit the fence (temporarily) back together, and the same this morning to make it safe in case of further visit.

These cattle are always on the rampage, and make a visit to all the gardens about Alix twice daily and on each occasion I have to chase them away, after seeing one or more with heads through the wire of the fence cutting all grass off within 5 and 6 feet.

It is only this noon, that I saw a cow's head driving, this same head out of their yard, and when he thought he had got them outside on the run, he put up the wire, and he was so tired he turned to go to the house, he saw one big cow jump near the well, sitting, so he gave them, ran it around the house to the back, where it was a good deal of ground and the cow in the style.

I am sorry to say that I am not the only sufferer from these cattle, several gardens have been completely cleaned of all the vegetables, and water is now, most nothing left to put in change.

Again, protesting, that these cattle should not be allowed to run at large, and I want to be assured, that it will not be allowed again.

Having printed attention will be taken to stop these things.

I am yours

R. Smith

TUTHER DEAR CHAMBER

"Tutcher Dear Chamber" is the fascinating title of the charming new World Picture which with Louise Hall on the star and head some John Brown as her leading man, will run Saturday afternoon at the Royal theatre.

The story deals with the love affairs of an American soldier who has been wounded at the front and who is home to recuperate. He falls in love with two girls—one of whom is apparently a French maid in the house where he is staying for the summer, and the other is the daughter of a wealthy man the vicinity. There is a remarkable resemblance between the two girls and the soldier promptly falls in love with both of them. What results of this dual love affair is most delightfully revealed in this charming story.

"Tutcher Dear Chamber" was written by Charles Swann, scenario of World Pictures, and is the first picture in which Miss Hoffmann for the World.

DEATH OF MR. CLARKE PRE WAR DAYS ARE QUICKLY REMOVED

It is our sad duty this week to record the death of William Thomas Clark, who passed away after a long illness of several weeks at his home 3 miles east of Alix, on Tuesday last.

Deceased was a native of Ontario, having been born at Napier, Middlesex County, 66 years ago, where he spent his boyhood, later moving to London where he met and married Miss Emily Griffin, by whom he is survived, together with two children, Clifford and Harold. Eight years ago he moved to the Alix District where he has since engaged in farming.

The funeral took place from the residence to Alix Cemetery on Tuesday the services being conducted by Rev. F. C. McKee. The pallbearers were: Messrs H. Hunter, J. and E. Macpherson, F. Meier, C. Ormiston and J. W. Taylor. Among those from a distance who attended the last rites were the aged father, A. Clark of Hamilton, a brother, U. B. Clarke of Moose Jaw, a sister, Mrs. M. Clarke of Calgary and W. Wilkie of Calgary, a brother-in-law.

We join in extending sympathy to the bereaved family.

U. M. Crawford attended the funeral's conclusion at Red Deer this week.

A representative of the Dominion Cattle Company was in town this week concerning to sign up for next summer.

CANADIANS ARE APT TO FORGET THAT THE STRUGGLE IS NOT FINISHED YET

It's funny how quickly we slip back into the old groove of life even though jaded out of them by years of war and wrenching and partings.

Isn't it true that in most Canadian homes life goes on pretty much as it did five black years ago, the stairway case come to the breakfast table with the sea of policy greetings, though there is perhaps a shade deeper ring to their voices? Helonged from the head of the family also in the old accustomed place at every time, perhaps bringing a new kind of grace and insight for the youngsters.

With the men home life goes on pretty much as before. The hard old routine of our rearing-pling into the background. We can never forget the price in flesh and blood, we could only forget the price in treasure.

What we hear of place for the Victory Loan, 1919, we are buying right. It's with a few short of fact that the kind of Canada we have not been fully paid and that the future lays burden upon us also.

Mr. C. McDougall was a visitor to Red Deer this week.

Advice has just been received at Grand Trunk Pacific head quarters, from Col. S. Maynard Rogers, Superintendent of Jasper Park, Alberta, that recently fish fry including 18,000 Halibut Trout and 10,000 Salmon Trout had been planted in the waters of Rithemir Lake, Dorothy Lake, Patricia Lake and Pyramid Lake.

These lakes are all situated close into the park headquarters and the Tent City and with the growing popularity of Jasper Park as a tourist resort, the result of the planting of such game, native to the waters of the Territory, will provide excellent sport for the lover of the rod and reel. The fry were secured from the Alberta Provincial hatcheries, and this is the third supply of fry that has been placed in these waters within the past two years.

SHE LOSES HER MONEY; HE REFUSES TO ELOPE

"Come And Fly With Me" She
Cries, But He Says "Think
Of The Household"

Helena Foster, a well known lawyer, had been covering the fair side and society leader, Nadine Trent, without his wife's consent, and despite the fact that his presence was not wanted. Try as he could, Mrs. Trent could not dissuade the lawyer from his unwelcome attentions to her, so she decided a little scheme whereby she could get rid of him.

Nadine had a private theatre in her home and she found Foster to the stage when the entire house was in darkness, save for a little light behind them. Nadine played the part of a girl who had been seduced by a man, and she was never before did she allow him to come so easily. He asked her why she was a thing and she replied in tones of sympathy. "I have lost all my money in the stock market," she said, "and I am now penniless." Foster immediately loaned her money and she gratefully put his love for her. "Fly with me, fly with me," she cried. "Think of the household it would cost," he replied.

Then Nadine became angry and revealed him with a revolver. He pleaded for his life, although the gun was unloaded and after a half-hour's innocent conversation behind the stage, including Mrs. Foster, had soon enough, they ran on the stage and pulled her off. The curtain went up. She had staged an act for her friends to show that she could be emotional when she wanted to be. Kitty Gordon, as the star in "Merry Players," a World Picture, will be shown on Saturday at the Regal theatre.

WORKING CLASSES BACKBONE OF LOAN

Their \$100 And Under Subscriptions are Requested To Make New Victory Loans a Success.

Every little bit counts. Let no citizen of Canada who has faith in the future of his country with hold his financial help to the new Victory Loan enterprise because he is only able to afford \$100. He should take heart from the fact that the working classes formed the backbone of the subscribers to last year's Victory Loan. To be more so, for there were 277,374 subscribers of \$100 and under and their subscriptions amounted to over \$100,000,000.

Now, if every subscriber of \$100 and under last year were to make a double in the amount of their subscription during the present effort the Loan would be on the straight road to success. The more the citizens to have it consider only from the size of the working capital provided by the Victory Loan. They have shown in the prosperity which has been the good fortune of Canada during the war and after, and they will participate in the advantages of the trade and industry which will result during the reconstruction period as the effect of their financial help and co-operation.

Let the slogan of the campaign now written in Canada be "Double last year's subscription," and all will be well with the Victory Loan, 1918.

BIG TIME AT CARROLLS

A Hard-time Dinner and Social will be held in Carroll Social on Friday evening of next week, Nov. 15th. The evening is to be one of fun from opening to closing and as it will be "Hard-time" a Prize will be imposed, at the discretion of a committee, for the person who takes the most of the evening. In addition to dancing there will be games and sports. All are invited to this evening of delight. Ladies are requested to bring lunch while the guests will be compensated to help out. Prizes will be given for the best hard-time costume, ladies and gents.

ALIX TO THE FRONT

The committee pushing the Victory Loan Campaign in the Alix District are more than pleased with the way in which our citizens are being taken up. They inform us that to date we have practically secured our flag, that between \$8,000 and \$10,000 has already been forwarded and there are still reports from the committee to come in.

There were those who believed that owing to the fact that it is 1918 Loans is taxable, there would be a difficulty in securing our quota, but Alix is still "out for victory" and within the next few days our people will "roll the world" that they are just as willing to help wind up the war effort as they were to contribute to its generation.

With reference to taxation: If the interest on your bond investment does not make your total income taxable, then there is no taxation. In other words if you have an income of \$1,000 per annum, with an exemption of \$800.00, you may purchase \$10,000 worth of bonds and still be exempt from the tax. So don't let the tax keep you from purchasing a few "loans."

Remember, also, that the drive closes on the 14th of November, and that if you "fail to connect" by then they can lose the chance to do a bit in "the last great Victory Loan."

HONOR FLAG AND TWO GRESTS

Alix and district once more demonstrated that she is ready and willing to do the best possible for "Home and Country" when she won the Princess of Wales house flag and two crests in the 1919 Victory Loan campaign. The ship-tive was \$12,000 and when the crests are all in we will more than double this amount. To date we have a credit of \$2,150.

A NEW INDUSTRY

Mr. C. C. McDermott will, on or about the first of the year, be in shape to manufacture lumber. He is putting in a portable mill just across the lake from Alix on S. E. Todd's farm and will be ready for custom work as soon as he can possibly rig up the outfit. There is a chance to see the big timber on your farm for better than wood. Men who are engaged in work will be well patronized and want it understood that it is not to serve the public. Alix him about it. Advt. will appear later.

HOW A MODERN GIRL GETS THE RIGHT MAN FOR A HUSBAND

The manner in which a modern girl gets the right man for husband is delightfully told in the newest World Picture, "The Man Hunt," in which Ethel Clayton is the star. The most entertaining and interesting production will be shown on November 21st at the Regal theatre.

The story is delightfully refreshing. Coming right now when the public generally is looking for the lighter phases of life depicted on the screen it should prove immensely popular with all the film fans in the city. "The Man Hunt" is a comedy, a delightful, frolicsome comedy, so light heartily pleasing that it cannot be too highly praised.

Many of the scenes were taken on location in the drier weather and show some scenes add much to the attractiveness of the production.

Ethel Clayton is simply bewitching in the star role. In fact she has a claim to be in a new category or double role.

"The Man Hunt" is a rare treat. It is an exceptional, unusual, altogether entrancing bit of romance. And, best of all, it is entirely different from the ordinary run of comedies. It's the kind of a picture you will be mighty glad to see and talk about to your friends.

THE NEW PATRIOTISM

Mr. John Hunt K. C. will address a joint meeting of the U.F.A. and U. F. W. A. on the above subject on Saturday Nov. 21st. Mr. Hunt is a busy public man as well as an author, and is giving his few leisure moments to lecturing purely in the interests of developing a better more intelligent citizenship. It is hoped the towns and country will do us the opportunity of his fine spirit of service by turning out in grossly numbers to hear him.

Those who have read Mr. Hunt's book "The Dawn of a New Patriotism" will realize the importance of the plan to be put forward, bearing his speech, for those who have not read it we quote some "Wisdom Paragraphs" from it.

Right cannot be maintained if duties are neglected.

Each member of a free community must be capable of citizenship.

Whenever the community of which one belongs, be it a township, village, city or state, patronizes the willingness of service and sacrifice for the common good.

A man's vote is not his own; it is his country's—a sovereign nation entrusted to him, not merely for the protection of his own rights but to be used for defence of the whole.

A NOVEMBER WEDDING

The wedding of Miss Jean Cunningham Ross, second daughter of Mr. and Mrs. George Ross of town, and Mr. William Talman, second son of Mr. C. S. Talman, four miles west of Alix, took place at the home of the bride's parents, Lehn street, at 11:30 Wednesday afternoon last. Miss Ross was married in a pretty dress of cream tulle and lace and was attended by her sister, Miss Catherine Cunningham-Martin Talman, brother of the groom, was best man. Rev. Harry Presbury, minister at Lehn, performed the ceremony.

The groom's gift to the bride was a gold wrist watch and to the bridesmaid a ring. Only members of the immediate family were present. After the customary a delicate luncheon was served and the following married Mr. and Mrs. Talman left for a honeymoon trip to Calgary and Vancouver, the bride's travelling costume being of tulle and lace.

The bride was the recipient of many lovely wedding gifts. She is a bright and popular girl and her friends are glad to know that she is not going for away, but that on their return will take up housekeeping on the home place. They have the good wishes of all their friends for a happy and prosperous future.

A GRAND SUCCESS

The character sketch, "The Minister's Book," and coupon given under the auspices of the Ladies Aid of the Presbyterian Church on Friday evening of last week was very much enjoyed by a packed house, standing room being at a premium, and was quite the prime mover in the production, Mrs. E. Hunter, on the abundant success of the sales.

We cannot specify the exact amount taken in, but in the main, the success was a grand one. The part assigned to them with some and everyone appearing perfectly at home on the stage.

The selections by male quartet, the solo by Mrs. D. Ross and Messrs. W. H. Mitchell and E. Hunter, and the piano solo, sung by Mrs. Hopper and A. Finch were all delightful and greeted with rounds of applause. It was indeed a success of which the ladies of the production were so well pleased and that their objective was more than realized, namely the raising of a sufficient sum to buy the books of the church organ.

Total receipts \$201.75.

Mr. John West K.C. will speak in the Presbyterian church on Sunday at 8 p.m. on "The Her Parables."

There are very few outside the members who know the aims and objects of the Institute, the member of families in our own neighborhood who have to think these things for the next meeting of time sent to their door, to say nothing of the help they have rendered the needy ones in other parts of the Province and Saskatchewan. Every lady in the community should lend their assistance to this worthy work and at the same time to the help they are invited to become a member.

**Agricultural Position
Of Canada**

The Hon. S. F. Tolson, Canada's new Minister of Agriculture, has summed up two outstanding facts of Canada's agricultural position in an article appearing in the November number of the *Agricultural Gazette*. He presents statistics showing the growth of Canada's financial burden during the past five years, and points out seriously which our national debt.

"I am confident that this Dominican, through the development of his natural resources, will in time wipe out her debt. Forests, fisheries, minerals all contribute their part of the revenue, but by far the greatest returns will be derived from agriculture, which industry we must continue in permanency and increase its magnitude. . . . One of the great

responsibilities that fall on either the federal or provincial departments of agriculture is the conservation of the great wealth that lies in the virgin soil. Innumerable considerations are involved in this one problem, but the whole affair can be accomplished if we engage in mixed farming with livestock as a basis. This is the fundamental principle underlying success in agriculture."

Christmas Eve

Oh! it's Christmas Eve, and moonlight and the Christmas eve is still
And the frosty Christmas holly shines and sparkle on the hill
And the Christmas night-bells tinkle, and the Christmas laughter rings
As the best story shoguns hurry, hah! the Christmas things

And up wander in the attic there's a little trundle bed
Where there's Christmas dresses a-dance! in the sleepy curly head
And it's "Merry Christmas" Mary, once again for me and you,
With the little father's stocking hangin' up beside the fire.

Tien! still, that little stocking, and isn't much for show,
And the darts are pretty plenty round about the heel and toe,
And it's color's kinder faded, and it's early even and old,
That it really is surprising what a lot of love 'till hold.

And the little head that bring it by the old day it's re-ally strong
Has a grip upon our heartstrings that is mighty firm and strong;
So, old stories don't forget it, though it isn't fine and new
That plain little worsted stocking hangin' up beside the fire.

And the scraps may fall, and leave us with our place all gone for smooth
And the Mortgage may hang heavy, and the bills use up the cash
But whenever comes the season, for so long's we've got a dinner,
There'll be a smile 'tis that story--don't you see--a merry time

And if, in amongst our cushions, there's a shadow or two of rain,
Why, we'll face it bravely smile, and we'll try not to complain
Long as Christmas comes and leads us here together, me and you

"CROOK" BRINGS JOY INTO HAPPY FAMILY

Bert Lytell, who will be seen in the role of Blanche in the play "The Sign of the Cross" at the Royal Theatre, has a part of a hargry, who is an officer and lieutenant in the service of the police force. This little and entertaining play will be shown at the Royal Theatre on the 30 and is bound to create many friends for Blanche Lytell--the little crook.

One of the clever means he has of detecting the police is to make paper the tips of his fingers before entering a house so that his finger prints cannot be recognized. Then he has a set of signals given him by lights from his automobile here outside--One if the police, two for other premises and so on, so that he cannot be surprised. Now he gets the police, and not by that is shown in this delightful play of an honorable crook who brings happiness and not loss to a family.

The weather was all that could be

large number of people to be
present. The building was beauti-
fully decorated with evergreen

fect credit on their teacher, and
themselves, every item being per-

Even the last strains of the good
night song had died away, the
singing of Santa Claus songs
were heard and a moment after
the door had opened and
bringing up to the loaded tree dis-
tributed its gifts to the delighted
recipients. A touch of color and

MUSICAL COM- POUND AND A FISH- BOWL

One Fall in Love With Fish
Other in "The Fish Bowl," a World
Famous Starring Louis L'Amour

When Harry Gates, a model
husband, met and fell in love
with Nancy Potter, a popular
theater actress, a strange fish-
bowl of water came between them,
and they were forced to live apart.
The events are interestingly
told in the new World Picture,
"The Fish Bowl," which is now
being shown in the new World Picture,
in the new World Picture.
The picture will be
shown on Saturday Jan. 20 at the
Herald Theatre.

Nancy has been brought up by
Potter, and before that he is
really her father. He does not
like the life she is led by Potter
in her, but she is unaware as
first of Potter's connection with
the head of thieves. She soon
knows and is a very attractive
woman. When she is attracted
to him. When she is attracted
to him.

The apprehension of the thieves
through Nancy's bravery, the find-
ing of her real father, and the happy
reunion of her love affair are the
main points of the most enter-
taining and pleasing of pictures
in fact, this is the most of a pic-
ture that every member of the

A Happy Family
BY DR. S. C. BOWEN

[illegible]

The chicken are very intelligent and free money. They are able to empty an orange of its pulp rapidly and they will sit upon their eggs without any being able to find the smallest crack in the shell, or even the smallest hole in the end, or even the smallest hole in the side, or even the smallest hole in the bottom, they can find an egg in the mortar and it will set a sort of almost empty egg. They are able to find the slightest leak or hole in the shell.

COMMUNICATION

Would you kindly allow me a little space in your valuable paper to correct some mis-statements made in regard to Chiropractic at the meeting of the U. S. W. A. last Saturday.

I am informed that one of the influential members referred to is a quackery, and made the statement that any person could take a six weeks course and be qualified to practice. I may say that this statement is not true to those of us, as we have heard it before, and know where it comes from, and it is only proper to talk on the part of the lady in question. For her information I will reconvert some of the subjects covered by the Chiropractic course here, viz. Anatomy, Pathology, Physiology, Biology, Diagnostics, Symptomatology, Special Analysis, Nerve Tracing, Special adjusting, Menstrual, Hydrotherapy, Chemistry, Physical Education, Speech & Phonetics, etc.

Chinese today come more subjects than the regular medical ones and I know it to this judgement of my late student's opinion, whether it will! It possible for any person to cure such a course in six weeks, even if they had the talent of some 'Cavins'.

It would have been the best policy for the lady in question, to have got a little information on this subject, before she got up in a public meeting and thanked me. Personally, I am a graduate of several branches of the healing art, including medicine and I myself have been, that Chiropractic is the most effective treatment, and the quickest in results, that I know of, and the demand for qualified Chiropractors today, for

monds, he supply. Of course we do not for a moment say that Chiropractic is the perfect system that system has never yet been discovered, but we say that Chiropractic will do her part in restoring normal bodily function, and more than any known method Results provable, and it is results that count. If any information is required on this important subject, I will be glad to give it. Thanking you for your space.

I remain yours truly

**Canada's Second
"One Hundred Days"**

Conus have been found, one of which was a "smaller" variety described as "New England class," the period from August 2 to November 11, 1945. The "smaller" variety was described as "the smallest of the 'Conus' from Vermont to Maine and New Brunswick." The "smaller" variety was described as the "Conus" must be "smaller" than "Hudson River" and "the former, and only if the latter is "smaller" than the former. The "smaller" variety was described as "smaller" than the "Hudson River" variety.

Canada now faces at the beginning of this year of 1930 another "one hundred days" which are fraught with great possibilities for good and ill to the welfare of the Canadian people. During the past year, as everyone was returning home to the homes of thousands every month, a large measure of success was being the leading suitable places for employment for them, with the result that their re-establishment in

A period has now been reached, the last winter months when a play-off is on the increase in growth, and increasing number of who sought overseas are in new work. This fact is disclosed by weekly and monthly reports. Government employment hereafter over the country, and it is making it. In these western provinces this period will be the most important of the year, which opens on the farm, building again in the cities and towns.

The extent of wheat and barley grain production in Canada is a source of national pride. It is a source of pride for the same reason that the construction work on roads and railways is a source of pride. It is a common experience among men of business and industry that the more they work the more they get out of it. The reason is that the more they work the more they learn, and the more they learn the more they are able to do. This is the principle of the "learning curve," and it is the principle that underlies the success of every man of business and industry. The more they work the more they get out of it. The annual meeting of the Club for the signing of officers for the coming year will be held at the Central Chambers, Alix on Monday February 22nd at 8 p.m. A full attendance is requested.

The Alix Club was instituted late in the year, its sole to benefit by the Government Grant and take advantage of a good many other opportunities, but the above statement, in my opinion, a good showing could ring money received and the work accomplished.

Tuesday's dance had a large attendance than the first one, which goes to show that good music is appreciated and will be patronized. The fame of the Stettler Orchestra has spread far and wide and the crowd came from far and near. The next one will be held the first Tuesday in February, 1920.

The farmers were evidently awaiting an industry such as this to opening at Alix. The boys are coming in freely.

Alix is to have an up-to-date ice cream parlor next summer. And in preparation therefore Macdonald is in this week having the supply of ice put up.

It is the most for days you can get by a representative of an electric lighting proposition, sign up for as many lights as you can afford. Remember Alix is now about the only town in the neighborhood without a public electric lighting system. If the lights are ordered for the plant WILL be installed.

We note through the Calgary Alberta, that Mrs. W. Purdy, who has been president of the U. P. W. A. for a number of years, has retired.

A few days before the San Francisco arrival, the club's president, Joseph J. "[Special]—but more intricate in the design for the women," Lady Yoko explains from Miss Akeno. Nanpou, well versed in the Japanese language, adds, "When I commenced to teach Lady Yoko's English, she was a very stupid girl, but she has now become a very good student."

"Yes, I can walk and work," Lady Nanpou is not entirely certain that she has been so fully "cultured" as she received "from Lady Yoko's" instruction. She will effect a complete transformation, she believes, but she will need a sufficient time, perhaps years, to become a "lady" in the true sense of the word.

"Lady Yoko's English is a Kichiku's English," she remarks to the work of the Kichiku's. "I am sure that you will be able to obtain all the principles out of the English language."

The Village Council met the I. D. Council on Friday of last week to bring up the matter of hospital accommodation for flu patients and after considerable discussion it was jointly agreed to erect a building in town and put it in readiness for an emergency. We understand the Hudson place on Railway Street, most of the lumber yard has been secured and the beds will be put in a few days. The expense of upkeep will be equally met by the town and municipality.

One of our Local real estate men informs us that a letter from the West-Allen Realty Co., Montana, stated that that company alone had over 400 applications on file from farmers looking to Alhambra as their future home. This would indicate an immigration to Canada from the States greater than ever before in our history. There is no doubt that a large percentage of these will come direct to the Alix District where land is reasonable, crops easy and a future unknown.

We can conscientiously recommend this Martin Senour ready-to-apply paint because we know it is made by one of the leading ready mixed paint manufacturers of this country who have had a reputation for quality for 40 years. We stand back of this paint and guarantee it.

At their meeting on Friday of last week the Municipal Council endorsed the action of the Board of Public Works in making a \$100,000 appropriation for the purchase of a new telephone exchange. The Board of Public Works has put the telephone exchange on a new basis and have put their shoulder to the wheel in an endeavor to secure the accommodation for the district. Of course it is really a matter of the subscribers who will be assessed an additional \$100 per month in the case we are given the telephone service. We require it, but we pull together.

The regular meeting of the National F. A. will be held on Saturday, Feb. 14th. The subject of discussion will be "Cooperating in the shipping of live stock." Members please attend.

His teaching in Alin at the present time is a blessing on the land because every night and day since his arrival. We need not say the Dr. is welcome.

Word was received this week by Melvin Olson (that he had won the first prize in the Wheat Yield Competition for the whole of Canada, and conducted by the Grain Growers' Guide, of Winnipeg. His "Red River" wheat which averaged 61 bushels to the acre last year was the variety, and Mr. Olson carried off the second honour and incidentally a cheque for \$2000 from hundreds of other competitors from Manitoba, Alberta and Saskatchewan. — Winnipeg Journal.

There in two districts Ontario's representation will have decreased by 13, leaving only a margin of 12, compared with 27 only in 1907. The new riding phosphate position is taking place so far at the Maritime Provinces are concerned. Nova Scotia, which had 20 members prior to 1907, dropped to 18 after the census of 1911.

Thus while the representation of the five Eastern Provinces in the House of Commons decreased by 29 in twenty years, or an average loss of a member a year, the representation of the four Western Provinces on the opposite extreme has increased and still the same. Certain and all the harvests of the year varied not so noticeably in the direction of being larger if the frost is late than gradually. Apples will carry safely in refrigeration cars while the necessary in refrigerating fully 20 degrees below zero. Potatoes, being so largely composed of water, are easily frozen. Cattle touched by frost they are ruined.

The sweetness is due to actual grain sugar, self-developed by the processing and long baking of this great food.

First some navigators were a bit slow in getting used to the quickly changing lights. Because of the rapidity of the flash, one might hardly know whether he was coming to, or away from such a light. In the end, though, these small buoys, which cost not only about \$1,000 each to install, but are greatly aided navigation in Alaskan waters.

New Addition Will Be Larger Than the Original Plant

Good progress is being made on the large extension to the glass factory at Redhill, Alberta. The steel construction is completed and the building is well advanced. Expected to have on hand to install the furnace and cranes, which when completed will be as large as any on this continent. A new addition will be larger than the original plant.

WE'LL SAY IT IS I

... everyone is a real pleasant business - if you only understand it.

If it contains many adverts, the subscribers claim they take too much space.

If the ads are coarse people claim it is unpopular and do not want it.

If we attend to it regularly they say we do it for effect. If we stay away from it they say we are heartless.

If we accept an invitation to a wedding they say we are only trying to write it up.

If we are on the street much they say we neglect our business.

If we avoid spending time on the street they say we don't have to attend after news.

If we report a long winded communication, the editor becomes furiously angry and our audience his paper.

If we publish long communications, we are well, say that we have done them and put it in to fill up.

If we print a sensational joke they say that we must be getting to our second childhood and childishness.

When we write things they all say we are too happy to get away.

Who is we are married they say it is a bad thing for our poor wife.

If we publish a man who has brought disaster on his family, the friends of that family never forgive us.

If we tell someone of our heart we decline to say anything on the subject, the man's enemies are disappointed and we are branded as white-livered cowards.

Dear reader - We are liable to receive these remarks and many more, but we are always ready to receive visitors (especially if they bring in their subscription), whether accompanied by dog or cat.

Of course we do not claim that there is any truth in running a newspaper, but -

Why everybody knows it is a snap, on what can we say.

SIXTEEN YEARS IN HARNESS

Mr. F. Russell, who has been a servant of this district for the past sixteen years, in the capacity of Secretary Treas., at the last meeting of the council tendered his resignation. Mr. Russell has been a valuable asset to the governing body of the Municipality and his untimely passing caused by his withdrawal will be hard to fill, but he was not enjoying the heat of health for the past couple of years and feels it is time he retired from his labors. We take this opportunity of publicly thanking him for his untiring efforts on behalf of the L. I. D. and trust that his much needed rest will prove beneficial. The following is a short epitaph we have for the feeling of Mr. Russell:

I am sick of the debt and badness, and the ring of the telephone—
An aught of woe, before me, in this prison of iron and stone,
I am tired of aching and aching, and the feel of a cold in the
Vertebrae, I stand it much longer, I'll wait in a hole and die.

I am tired of being sick, I am tired of being paid,
And bored with entertaining, and talking half the night.

I am weary of having my house filled, and saying "Here I've got it"
I'll look for the book and shake all the world over my head.

Oh, I'm off for the woods to night late, and I'm going to go alone,
For I can't sit at my desk, and work right down to the bone.

It's me for the example the silence, and the night wind that's true,
And the rock of the night, and the moon that's in the evening air.

Put me in the old job, late, with the belt and the gun—
Give me the old job, late, with the belt and the gun—

For I'm treading on the bank, boys, where the tree line is broken,
The world of life, and the world of life, the world of life.

Here you heard the wind on the lake, boys, and the white in the
tail pine tree.

As it fills the boiling cauldron, and rolls her down to the bottom?
Have you smelt the tang of the powder, as the gutter old bank drops
down?

This is the cure for my mind, boys, to—W— with your life is to—
live on the plains in the river—in the water and the sun.

And of your life in the bathroom, with its little and white on
let me see on my grab where it meets me, to dance with your
silver and spoon.

And make my life for the twilight, while I keep on my life.

There is the life for me, boys, this is a life for me,
There and go where it suits you, nobody ever a dream.

I can sleep like I like and out when I liked smoke all day I
I choose.

So tonight, I will like for the mark, with my wand for the
to go, long, long, long, and there's a devil a tear in my eye.

I've burned my leg and face, and torn up my collar and tie,
I've thrown my dip in the gutter and cut my life in the fire.

And out of the world for the backside the Lord of My Lord's
Dove.

LOCAL HAPPENINGS

The next big event to Harry
Pender's take on Monday next
the 18th. Don't miss this chance
to get horses, cattle, and farm
machinery.

The bank has received a throu-
gh overhauling on the interior
finishing all trace of the recent
fire. Wiring for electric lighting
was put in at the same time.

Mr. G. B. Darlow and Miss
Dorothy were Calgary visitors a
couple of days early in the week.

The regular monthly meeting
of the Lacombe Municipal Coun-
cil will be held today (Friday), the
5th.

Mrs. Newham and two children
of Halifax are guests at her sis-
ter, the Misses Davidson.

Mr. F. J. Henderson of Innis-
fail arrived in town on Saturday
on a visit to his son, St. Kimo and
other friends.

The Women's Guild of St.
Petersburg Church will hold their
annual picnic on the 15th of Sep-
tember, applied in the morning over
"The Big Stone." Afternoon tea
will be served.

Loubers and Battelval-
Ber, W. A. Ochsner—A forward
year and one of great progress.

An increase of revenue and a
substantial cut in the church
debt. Total receipts for all pur-
poses, \$5,318; of this \$718 was
received by the W. M. S.; \$860 by
the Ladies Aid. This is a great
improvement for the church.

It is a long time since your room what would you do - what did Peggy do when her father's diamonds were in danger? See the delightful drama "Peggy Does Her Darnedest" at the Regal Theatre with May Allison as the brave young heroine.

In a runaway on Sunday, south of town, Miss, the thirteen-year-old son of Mr. and Mrs. D. Prince had the misfortune to have his leg broken above the knee. He and his brother were driving to town with a rather frisky team and in coming down a grade one tag became unfatigued and the led was pinned under the sleigh when it went. He was rushed to the doctor who set the break but it will be several weeks before he will be on his feet again.

The time is fast approaching when we must think of the back yard. The accumulation of rubbish over winter is an eye sore and for the sake of health and beauty should be removed at the earliest opportunity. Clean up.

Key to mind the sale of work by the Women's Guild of St. Paul's Church on the Saturday before Easter, April 2nd.

Our old friend Mr. John Jarvis of near Redwood was visiting his many old pals in town the forepart of the week.

Mr. and Mrs. Herb. Bettsman of Okla. were guests last week at the home of the latter's mother, the Messrs. Thompson.

Max's sailing outfit arrived on Monday and has been erected on the site, a mile west of town. Operations have commenced and the form of the new may be heard any day.

The Fashion Sale on Tuesday drew one of the largest crowds that has been over 25 miles in this district this season. It was

yielded the bumper and the owner was sure that pleased a rich result.

Admission on Tuesday to Mr. H. G. Finch included him of the last of his father, Mrs. A. H. Finch, at Burn River, Man., near 75 years. Death came suddenly from an attack of Diabetes.

"PEGGY DOES HER CARNEST"
 The principal point of similarity between the sisters Peggy and Eleanor Knies was that their names were the same. Eleanor's favorite activity was to sit on the veranda of the parental home of her father, a great diamond merchant, and knit and look beautiful. Peggy loved to knit and sew, and she proved a formidable antagonist for her brother, who was about to go away to college.
 Eleanor Knies, for a wealthy father has just retired from England "The Light of the World," one of the famous sons of England an enormous diamond. The Hon. Hugh Westworth, now residing in the British Home which sold Knies the gem, has brought it himself. Knies discovered that none of the sons and the power of "The Light of the World" is his possession is known. He has devoted to guard it. He kept it in a safe at his home, fearing that his own daughters would be well enough protected. There has been a well-guarded but so-called looking man in his jewelry store looking at diamonds, and this has made Knies cautious. A detective discovered the interior in the Knies home.
 Peggy, in the meanwhile is interested in two things: in taking upon herself the responsibility of protecting the Light of the World - for she has no faith in detectives - and in the Hon. Hugh Westworth, the young Englishman. Her father laughs indulgently at her posing as his guardian, and Knies, her older and very easily sister, only says in every time Peggy and Hugh are together, and then Hugh away, with a few haughty words to Peggy. The younger sister takes a correspondence to her school in detective and starts the household frequently by popping up in queer places in queer disguises.
 She is dressed as a household one afternoon when a rather good looking young man appears over the wall bounding in the great house. He is a most agreeable, and thinking Peggy is a maid, promises her a present if she will show him the house. She pretends to be immensely pleased and outlines for him the plan of the house. He says he will come back the next day at two o'clock.
 That evening Peggy devotes to her other sister, Hugh. She slips on a wonderful evening gown for his benefit, but again she is disappointed, and the girl goes to sleep discontentedly in the library. The house of an out-swept her. She opens her eyes. It is all dark but a man is prowling about like a shadow in the darkness. Peggy does her darndest then. All her wrestling and being more late play. The detective brother whom she had hoped on to go to bed - but the intruder makes short work of him. But not of Peggy. She handles him until the household comes rushing in, and the would-be thief of The Light of the World is now handcuffed. What pleasure Peggy in Eleanor's appearance, which is chiefly old cream and cut-papers. And she is that gorgeous evening gown, with Hugh looking on, and comparing her with her sick at a sister. Yes, Peggy said she would marry him.

SHE WAS A CROOK—THE CROOK OF HIS DREAMS

And Such a Charming Little Crook As She Was—You'll
Find Her Interesting When You See The World
Picture "Crook of Dreams"

Who was a crook—at least Charles Hedwin thought she was—and she was only the girl of his dream! That was certainly a combination to make any young man sit up and take notice and to say that Hedwin did sit up and take notice is to put it mildly.

He then, as everybody is interested in Constantine—the coming crook—and when she got into deep trouble. But, you'll see what happened when she was apparently discovered in a hold-fast endeavor to put over a nasty piece of business on a woman whose daughter had been kidnapped many years before.

The delightful story of Constantine and her adventures is told in the new World Picture, "Crook of Dreams," which will be shown on Mar. 26th at the Regal Theatre. Louise Huff, the charming star who has captured the hearts of thousands by her work in World Pictures, is seen in the role of Constantine. Frank Mayo plays opposite her in the role of Charles Hedwin. A number of other great favorites are seen in the cast.

The story of "Crook of Dreams" was written by Forest Halsey the famous novelist, who has written so many short stories and novels. In this particular production he has passed one of the most interesting and entertaining photographs of the year. It is a picture that offers an especially fine role to Miss Huff and, needless to say she plays the part superbly.

This is a corking good picture and you'll enjoy it. See it.

SAME THING

The following is clipped from the question columns of the Calgary Herald of March 28th, and will settle a question on that has been under debate a good many times along the banks of Buffalo Lake. "What amount of land is left back from high-water mark for camping purposes or for travelling on adjacent to lake in Alberta? Some people claim 50 to 100 feet of dry land belongs to the lake. Others claim that their dead mules for all the land to the water."

O. M. PUGH, Mirror Alberta Answer.—The lands fronting on lake under ordinary does the ownership extend to the bank of the lake. "The limit of the bank is where vegetation ceases or where the character of the vegetation will change." There is no marginal strip reserved as belonging to the lake for any purpose except in special cases.

RIPLEY Y. P. O.

On Wednesday, March 24th, meeting of the Ripley Young People's Club was held. The president called the meeting to order and after the reading of the minutes the business session of the club was commenced. After this, a short program of music by the club members and Mr. Lee with the accordion, and recitations were carried out and then Mr. Mann, the speaker of the evening, was introduced. His subject, which was the points in history of our native province, Ontario, was interesting and instructive. The Club is very glad to have Mr. Mann for its address, because we do so much on our local history and are constantly looking the speaker we were again entertained by the musicians and, but no fear, the recitation contest or recitation as it is in a pleasing and satisfying manner. We are again on Easter, and hope to have some more to be seen in an entertainment suitable for the season.

DO NOT WORRY-SMILE AND MAKE A THWORTH WHILE

The world knows but little of failure, and too little. The world only wishes the outcome. Stop worrying over things that can't be helped, and go and do things that can be done.

For accident or a complaint for another's failure. For, if you may at last magnify our mistakes, errors and go and prove our blunders, but men will only smile that crystal smile and say to us - "They're no good."

Break up. Break up. Think up. And we will get up. Think down. Look down. Act down. And we will stay down.

Point your face with a smile. Advertise that we are a company. Think and work for it. Whatever you think we are is the price they will pay.

SCHOOL FAIR MEETING

The school teachers of Alix
School and Mirror, and several
school trustees in these towns
will meet in Mirror on Saturday
afternoon, April 17th at one
o'clock sharp. The meeting is
called in connection with the An-
nual School Fair which will take
place the latter part of May. It
was understood that the school
fair would be held in Mirror this
year, although according to the
release of the exhibition in
the town is true. Alix should be
the meeting place for 1928. The
people of Bashaw and the nor-
thern part of the district taking
part in the fair, comprise of the
distance necessary of travelling
to Alix, and prefer Mirror, as
being more central for all parties.
The question will be decided de-
finitely at the meeting to be held
on the 17th of April, together
with other matters pertaining to
the school, the regulations of the
fair, and the school.

When informed that the de-
cision to hold the Annual Fair
at Mirror is not understanding be-
tween that town and Bashaw,
without taking Alix into consid-
eration. The teachers of our
school have been looking forward
to this event being held in our
town and the above is a complete
surprise to them. We wonder
what attitude the desire of the
school, namely the Alix U. F. W.
will take in this matter? As
Mirror states, it is certain and it
is only fair play that we get it.
However, it must surely be a
misunderstanding which will be
rectified on the 17th.

SET ASIDE A DUSHEL

The committee in charge of the
Prize Lot for our Annual Fair
is busy making extensive
changes and additions, and we are
told will enlarge the money-giv-
ing for exhibitors of Cattle, Swine,
Poultry and other animals. The
committee would request that
as you are changing your mind
about your "Set Aside a Dushel"
in the 1919 crop for exhibition
purposes. Do it now before you
forget.

It was Rear-Admiral Beatty, it
appears, who told Rear-Admiral
Beatty that he "couldn't see right
British in Germany." That's
all very well, but his wife's
have found it so easy to "win the
war" with Beatty on the camp.

John Adams, an Arima Cattle-
man, is in love with Mary Law-
ton, who is anxious to become
a great artist. Her father is
John's partner, and the two of
them decide that she ought to go
East to continue her studies.
John puts up the money, and
makes it appear that it is Law-
ton's money which is to pay for
her schooling.

Before going Mary promises
John that when she comes home
they will get married.

After Mary goes John Adams
is content with Travis Vaden, an
amateur wrestler, who asks John
to pose for a statue of "The Man
of Bronze." This Jean does,
while Polly, a girl of the dance
hall, who is secretly in love with
John, watches the proceedings.
Now that Mary is gone, Polly
hopes to win John.

Though Jack's rain stops rain
for the cattlemen, Jean continues
his job of building a home to be
ready for Mary when she comes
back.

In the Best Vaden movie Mary
and become infatuated with her.

Oil is discovered on John's
farm, and he accepts a check for
\$500 for a sixty-day option on his
property. John decides to go
East, get Mary and bring her
back home, as her father is quite
ill. When John goes to Mary's
boarding house and finds himself
unaccompanied by phone, there is
quite a little interval before she
comes to the door. He sees at
once that she has changed.
He takes the train and leaves her
When he gets back West he finds
that Lawrence has died.

After the funeral John takes his
dog to the house he had built for
Mary and after feeding it with
oil touches it off. Then he goes
and lives at his former home.

After being a lot of trouble
with his property he finally is
free in Mary Mary, which he
does.

John Adams while Margaret

the role of John Adams, the man who comes home to his

BORN-In Alix on April 15th, to Mr. and Mrs. E. Hunter, a daughter.

The I. O. O. F. "At Home" on Friday of last week was in every respect a success. The attendance was very large, (there being over 150 persons) while the excellent music by the five-piece Melville Orchestra was a treat. The Ladies of the Presbyterian Church and prepared a spread in the G. W. Hall fit for a king, with a seating capacity of 80, and the many good things were thoroughly enjoyed by all.

A man came to the other day, says an exchange, with what he thought was a confession: "I'm in a newspaper like a lady!" The various answers were: "Because both have to be kept clean!" "Because both are good advertising mediums." "Because it changes the dress." The correct answer is "Because every man should have one of his own not to be run along by his wife's back."

The shooting of prairie chick one, grouse and partridge will only be permitted for two weeks this year.

THE SUPREME REASON FOR ASSURING

One could easily hear to be poor, one could even hear to take his wife and children down with him to poverty, so long as he could be with them to help them carry the load and carry the heaviest part himself. HARD LUCK

At a meeting of the directors of Alix Agricultural Society on the 14th inst. on Saturday afternoon, there was present a fair representation of the directors. The principal business was a large number of additions made to the society, while the principal business was to increase the stock of the society. The principal business was to increase the stock of the society. The principal business was to increase the stock of the society.

The effect of a Calgary fair to the "Phoenix" Plan was accepted. The necessary and extraordinary steps with reference to acquiring property on the 1st of May, 1920, and on a fair ground, and was given instructions to purchase the same.

The price list will be issued to the printer in a few days. A vote of thanks was passed to the Municipal Council for \$500.00.

SEED AND CATTLE CERTIFICATES

For some years the U. F. A. has been able to make arrangements with the U. F. A. for a special low rate on seed being shipped for seed purposes. This special rate is again in effect and is a little more than half the regular rate on C. 1st.

A similar arrangement exists with regard to cattle being returned to the U. F. A. for seed purposes for breeding, feeding or finishing purposes, and the certificate required are issued in the same way as those for seed grain.

Certificates are not withheld from non-members, so long as they are willing to pay the usual charge of the fair, and by forming the organ sales there and other benefits are secured through the U. F. A. and are nearly worth more than the membership fee of \$5 per year.

Information can be secured from the Sec. of U. F. A. Smith.

The "Oreum" agitation is spreading. What will introduce the idea in Alix?

The little girl who wrote to her mother that "Man is a two-legged animal" and gave a picture of her, was given a certificate into details and headline has subject in the following original manner:

Man is what women marry. They drink and smoke and smoke. They don't get to church. Perhaps if they were better they would. They are more intelligent than women, and also more intelligent. High men and women appear from monkeys, but the women appear further than the men.

CREATING AN ESTATE

All are striving to create an estate. When death comes, if there are no arrangements, a large sale of the property often ensues. A large sale, whereas the proceeds from a life insurance policy will furnish ready money for the immediate needs and the creation of the estate can have time to do some of the property to the last advantage.

The cash value of a man's life is his family. If he earns \$2500 a year it can hardly live in it. At \$14000. He can use it go without live after comes a third, and all of property and yet it be carried on life to success. In the burning his family is every a risk for this amount unprepared. CURRENT COMMENT

ON MATTERS OF PUBLIC INTEREST TO DWELLERS IN THE PRVING PROVINCES OF CANADA

A SERIES OF ARTICLES DEALING WITH VARIOUS WESTERN QUESTIONS

THE EXCHANGE QUESTION

With characteristic American bias the press of the United States has been declaring that the war has made the money curve of the world from London to New York.

To a certain extent this was true. The Allies sent great quantities of money to the United States to secure for supplies essential to carrying on the war, and the United States in turn sent them in return. The first use of this money which was made by the managers of Wall Street was to heavily discount European money, including the pound sterling of Great Britain, and the Canadian dollar. The money poured out with gush from their veins was in control of the situation.

They have not been allowed to jubilate for long, however. Great Britain, with her solid, stable methods of finance, has been able to meet her needs and her extraordinary recuperative power, has of late weeks steadily been resuming her old position of financial strength, instead of money as a suppliant. The British pound of the surplus millions which the United States accumulated during the years that she played the part of a financial debtor in that country, and has announced that no further loans will be taken from her in the future.

The depreciation of the pound sterling was supposed to be very rapid, but its rebound was more rapid still. The pound sterling in February of this year was discounted at 175. Last week it was at 175. The rebound was more rapid still.

There never was a clearer answer to those short-sighted braggers who have been talking about the decadence of British finance. It is a splendid example of the power of the pound sterling and the position which she occupies in the trade of the world.

The Canadian Trade Commission has decided to grant no export license unless there is a demand in Canada for sugar, and it has suggested that housewives buy in a store directly, until they are sufficient for the prevailing season. This does not mean buying all that is needed at once, but getting a few pounds at a time, more than actual immediate requirements. During 1919 the Canadian Trade Commission has been able to secure a total of 370,000 tons of sugar. The Canadian Trade Commission estimates that 450,000 tons will be needed this year, an increase of about 20 per cent. Last year there was a shortage of about 30,000 tons of sugar. A WHEAT SHORTAGE

There is no doubt whatever, that the present year may probably see wheat at its highest level.

There are indications that the world shortage is becoming more and more acute. The American Trade Commission in London reported that there was a world-wide increase in wheat, and that there was a world-wide increase in wheat, and that there was a world-wide increase in wheat.

In the years before the war, the wheat production of Russia was the largest in the world, and the wheat production of Russia was the largest in the world, and the wheat production of Russia was the largest in the world.

With Russia in its present condition of chaos, there is little to be expected from her in the future. The wheat production of Russia was the largest in the world, and the wheat production of Russia was the largest in the world, and the wheat production of Russia was the largest in the world.

THE TWENTY PAYMENT LIFE POLICY

The Twenty Payment Life Policy really ranks first in popularity with the insuring public, the reason for which is quite apparent.

In the first place the amount of the annual deposit is very moderate.

In the second place the assured knows exactly at what age the premiums will cease.

In the third place the assured knows before hand the exact life Policy contract limit. It can not test a dollar more than twenty times the first annual payment. As matter of fact if kept in force it is a real cash loan. For the original policy will be materially reduced by the addition of profits payable under the policy. The policy increases in value with every deposit made. It should be secured with no financial risk required, guaranteed amount of paid up assurance, or extended term assurance.

DEATH OF MRS. BOOMER

The death took place on Friday, May 27th, west of Mayson, of Miss Wm. Boomer, wife of Mr. R. Boomer, aged 64 years. Deceased was born at Fairbairn, Minnesota, and in 1891 came to Alberta. She leaves a husband and two brothers in this district and three brothers and one sister in the U. S. The funeral took place on Saturday, May 28th, at Alix cemetery, service being conducted by the Methodist minister from Mirror.

JUNE 20 TO BE U. F. A. SUNDAY

June 20 is to be U. F. A. Sunday this year, according to a statement of H. W. Wood, the president of that organization. "U. F. A. Sunday," he remarked in Calgary, this week, "has become one of our established institutions and should be made full use of."

In discussing this matter, Mr. Wood said that it gave Christian ministers an opportunity of assisting the farmers movement and communicating it by the standard of Christ's social teachings," he said, "and to get what information and inspiration they can therefrom. Many of our members believe that Christ's social teachings, properly interpreted, give more light on the true law and ideals of social life than any other authority, but those teachings are not as generally understood and practiced as they should be. Mr. Wood said that Christ, finally, taught by Christ himself was either present or it was impracticable. They should face the lower square, like the truth and be guided by the truth."

"We believe," he said, "that it is the best incentive of our organization and of the church that those teachings be better understood and followed by all, and to this end we ask the most sincere co-operation."

A GOOD TIME

An excellent evening is anticipated at the social occurring in the U. W. V. Club Rooms on Tuesday evening. Cards and music will be the program for the occasion with a fine supper for the whelp. Times suitable by the note and becoming quite popular.

AD LEE BAYS

The following remarks were addressed on the street last week: "How would it be to make people on fashionable instead of overalls. Wouldn't do at all. Altogether too common and ordinary. A suit of broad new cravats worn with a bold suit of ribbons, made gloves and a new-made a wrist-protective. But perhaps too many of us wearing 'em already."

HAVE YOU ADEQUATE ASSURANCE?

Are you insuring the habit of death?
Are you insuring the proverbial rainy day?
Are you insuring you will be comfortable in old age?
Are all your business enterprises self-insured?
Are you protecting credit loans against the contingency of death and thereby strengthening your own financial credit?
Are all dependent on you now provided for after you are gone?
If none of these you are lacking a firm foundation for a future.
Is your will provided for in case of your death?

Who Will Pay And How

When a man dies there are three questions:
 The death of the husband.
 The death of the father.
 The death of the son.
 Death means loss. Losses will be paid by insurance.
 Who will pay your loss? Is the Assurance, in case of your premature death during the prospective period of your life?
 Will you take out a policy now while you are good and well and let the Sun Life Assurance Company of Canada pay the loss?
 Or
 Will you go without insurance and let death take its toll for your loved ones, either through increased tax by your wife and children, or through a decreased standard of living, or through the death of a husband or other desired advantage to your children, or possibly YOUR OWN SURVIVOR?

Do You Suppose

A man over 60 had fully married when his money failed the fact that he had not invested his money in some reliable business?

A man over 60 with a wife (10 children) who did not regret his late resignation to provide for his family?

Did you ever hear of a widow that asked her husband not put his money in the bank instead of buying insurance?

Did you ever hear of an old man say he is 70 and had taken out insurance in his younger days so that the promise would not have been so big?

Did you take out that life policy yet, which you have been promising yourself you would intend to "just in a little while"?

He Calmly Wrecked a Love Affair To Get An Inspiration For a Book

This Is The Remarkable Situation Told About In The New World Picture "Through The Toils"

Laurie Moffat had at one time been a famous, popular and immensely successful author. But he had lost the inspiration, the fire of his work had expired. He thought that he would never write again.

And then a great idea came to him—
He would engineer a love affair between his beautiful young wife and Neil Truham, an ambitious but completely young writer.

And then, when the young people were pledged to each other he would wreck the whole affair, make them feel in such a way as to drive the writer.

And in this way Moffat would get the plot and the inspiration for the biggest book he had ever written.

Imagine a situation like that. Imagine Moffat's love, the best character actor in America playing the role of both Moffat and Truham.

What a combination. What a sure source of interest and entertainment.

You'll see this absorbing plot, enormously unfolded before your eyes by Mr. Love and a superior company when you see the new World Picture "Through the Toils". You'll know a picture is new if it comes because it is scheduled for showing on Saturday, June 13th, at the Royal Theatre.

Don't miss this production. It will grip you. It will fascinate you. It will hold your attention as few pictures of the present day are able to.

Our old friend Col. Young was in town on Wednesday.

Some people would like to vacation before it is even suggested at themselves, but at some other person they would not.

The prize list for the Calgary Exhibition may be obtained by writing to M. L. Richardson, Manager, Calgary. The Exhibition is to be held this year from June 18th to July 2nd and will close on June 14th. Over \$100,000 has been added to the prize for the live stock department this year, making the total amount offered in all departments now \$21,500.

The new hundred thousand dollar cattle stable and judging pavilion will be used for the first time this year and will give to the exhibitors and convenience of the exhibitors.

Calgary is fortunate this year in being able to secure Lockhart, possibly the most daring actor the performer in the world. He will appear in a stage play over an acceptance and finish his act by changing from one machine to another in half light in mid-air. This is positively the greatest stunt that man has obtained for any Exhibition.

Auto Polo will also provide many thrills for Fair visitors, while the musical programme will be provided by Canada's army military band, the 68th Highlanders of Toronto.

Special summer rates will be in force for the Calgary exhibition from all points in Alberta, Saskatchewan and British Columbia. The cost of Golden on the main line and Nelson on the C.P.R. West.

He was very thorough, a portion of the Twenty which at that time had a very high reputation, was his property. He carried it in his pocket, and it was the only one which he always carried in his hip pocket. A strike had occurred in the Globe office. He came to Matthew through a revolver and Mr. Brown attempted to disarm him. It went off in the struggle and the press editor was mortally wounded. Matthews declared that he had not shot at Matthew. He was very much surprised and shocked. Matthews' death was deeply deplored the informant observed. After he had finished this explanation he turned to the doctor and said: "Now do your business." Announcements were being made by the Foreign Secretary, the Under Secretary of State and notifying him of his being appointed Clerk of the Council. The members then sat at the Council table. The Lieutenant Governor then addressed the Council as follows:

Gentlemen,

"You have the honor to be the first Council under the government of the Northwest Territories. I congratulate you upon the honor and that you have been thoughtful of the people of the Northwest Territories, promoters of the responsibility of the Lieutenant Governor."

The Council then adjourned until the following afternoon at two o'clock.

Such are the minutes of the first legislative session ever held in the Northwest Territories.

The Reply to the Speech

At the meeting next day the following address was read by Mr. Myrus from the Council:

"The Council is reply to the Lieutenant Governor's speech: 'May it please your Honor: 'We, the members of the Council, are very glad to be sworn in, but to thank you for your address to us on the occasion of the opening of this, our first legislative session.'"

The late Council of the Territories entered upon several in-

ERSKINE

DEPRIVED OF MILLIONS MANICURIST ADOPTS COURSE OF FOLLY

Helen Thurston, the humble
and pretty manicurist of the
Ritz has been plied under arrest,
locked in misery, and the object
of attention at last night's hap-
py even in that fashionable hotel
she was suddenly apprehended
by a detective in the name of the
society. The charge, brought
against her is that of passing
jewelry which she had obtained
on credit.

The news of the arrest created
a sensation in social and business
circles. That she was in finan-
cial difficulties was no secret to
her creditors. They have been
advised of her possible bankrupt-
cy and had claimed it at her door
for payment. She pleaded to
them in time and she was given
twenty-four hours to make good.
The manicurist is fresh in
sitting the name of her difficulties.
Before the announcement of the
Ritz, while sitting that she was
the heir of a thirty million
dollar estate, she had always

Olivia Thurston in scene from
Triangle Play, "An Actress
on the Stage"

possessed a longing for the
fascination of the society. She
often felt out at the Ritz.
Her party and polishing the
nails of the dandies, her own
ambition had been to rise into
the world atmosphere of men and
glory.

The announcement of the
debt inheritance swept her off her
feet. She felt that she would not
be able to indulge her every whim.
When the will was read however
she discovered that a colossal an-
ticipated leaving her a meagre
thousand dollars.

Bitterly disappointed, she de-
termined to obtain a unique re-
venge. She planned to spend her
thousand dollars in one day.
The news leaked around town
that she was the inheritor of a
thirty million dollar estate, and
merchants from their wares on
her. She felt that she would not
be able to indulge her every whim.
When the will was read however
she discovered that a colossal an-
ticipated leaving her a meagre
thousand dollars.

And who should play the man-
icurist but that delightful, dandy
vivacious Olivia Thurston! It's
"Triangle" photograph, and is named
"Actress on a Day." This play
is to be shown at the Royal theatre
on Saturday night.

ic cannot help but appeal to the
artistic temperaments of those

perly rendered.

Among the lecturers are Miss

HAMPTON COURT SINGERS IS BIG COSTUME EVENT

The Hampton Court Singers, who will be the grand closing program Chautauque week, is a company of musical excellence. They have made a note of originality in their program. For they are numbered amongst the best of talent on the entire Chautauque organization.

Unlike any other singing party on the platform, they stand between the operatic concert and the standard concert party. The entertainment they give is a distinctive and novel one, for they are specially composed and present their program with appropriate action.

The Hampton Court Singers are the same as the previous years. They have more and more into their selection, the splendid old English music songs of the Elizabethan period, which by the way are probably entirely new to modern audiences—and they produce a wealth of harmony in the clearing old ballads and folk songs.

They will also give an afternoon program on the last day, so make sure that you see at least one of their programs, the grand closing concert being devoted entirely to them.

If you suffer from perspiring feet, bathe them every morning in water to which just a little permanganate of potash has been added. Then dry them thoroughly, and before getting on your stockings, powder the feet with boracic powder, giving particular attention to the part that comes between the toes.

A Picture in Chicago
A few years ago I was in Chicago for a few days and I dropped in and out of the fine Art

a medium sized picture there was always a little crowd before it. I did not notice any of any other picture in the sale collection. It was a picture of an elderly European peasant—might be in Spain or Italy—trying on what looked like some sort of chorizo, to some villagers, a few men, women and children, stridden in unplebeian work-clothes. I looked at every face that picture and they were all lovely, work-a-day faces. The old man was so homely as a stump once. The artist had made no attempt at idealisation, and yet this picture was the most arresting of the whole gallery. Why? Hard say in words, although I know that I would like to be able ad-

under the extant charm of the music he was evolving from that old pipe of his. Behind him stood the divine Orpheus, invisible, playing on his lyre and the music of the gods was in that picture and you heard it somehow, as those people were hearing it. That lovely picture I pronounce a triumph of art, and all the passions cultivated and uncultivated, admit it and knew it, although they might not have been able to tell you how or why? But these flabby people would turn up their noses at a plain and simple picture like that.

I don't think much of this Venus. There is too much of her. Her neck is too thick and her limbs are too indicative of physical power to suit my unrefined taste. I felt that if that woman got mad with me she could handle me with the most unpleasant fashion. Her proportions are said to be perfect. I suppose I remember a prize competition for women whose measurements came nearest to the proportions of this powerful and handsome, but to me, not particu-

But the Elgin marbles! Those figures are, I was going to say, literally alive. Anyway they live. They act. They are. There is a living soul of some kind in those ancient carvings.

Schumann is said to have said it down that in music that which sounds right is right, I would apply the same logic to painting. What looks right is right, and a thing that doesn't look right even to the untrained and non-tactile eye, can't be right. One gold-

BROUGHT HOME THE BACON

On Monday last Harry and his girls motored to Bashaw where the Alix Girls Basketball Team were to play in a tournament in which the Bashaw, Heston, Heston and the famous Donalds teams were to take part.

Evidently the news that the Alix Girls were coming having everyone else off the map, the Bashaw team refusing to play.

However, the prize, \$15.00 was given the girls without competition.

The girls wish to thank Mr. Harry Heston for the trip over and for the dinner. Harry's a good sport.

Alix people evidently are over-looking the fact that they have a winning basketball team in their midst the girls holding the championship for this district.

The girls have never asked support of the citizens since organization but as they hope to arrange for a tournament have on the second day of the Fair/Week wish to arrange for a team of five and a purse of \$35.00. It is up to the citizens to support this team.

Anyone wishing to contribute can hand their donation to the manager, Mr. Harry Heston or the Captain, Miss Kathleen Mann. Come on income up.

FINDLATER-SUNDRE

July 14th, at the residence of the bride's parents, the marriage was solemnized of Annie Elizabeth, daughter of Mr. and Mrs. A. J. Sundre, to Mr. Alexander Findlater, son of Mr. and Mrs. J. B. Findlater, of the Presbyterian Church, Lacombe, Alberta.

The bride attended the party to Lacombe for the wedding march played by Miss Edith Mann. She was attended by her sister, Miss Clara, as bridesmaid, and Mr. J. Talbot was best man. The bride's gown was of white satin draped with georgette. The bride was veiled and carried by her bridesmaid.

After the ceremony a delicious wedding luncheon was served, at the conclusion of which the happy couple motored to the groom's farm South-west of Alix.

The popularity of the young couple was shown by the many beautiful gifts they received, as well as the large number of friends who attended the wedding.

Up to the time with the bride. The bride's sister, Miss Edith Talbot and her help, after he had thanked the owner out of the house. The groom and the bride had nothing on W.T.

PROTECTION IS AN INSTINCT

From the stone age to the present day, man has instinctively protected himself against physical danger—that is SELF PROTECTION.

Think not of yourself alone—consider others—your dependants—your loved ones—get that unselfish spirit and provide protection, unselfish protection, to those who look to you for protection.

The modern man—civilized—needs this protection through a life policy.

RELIEF FOR CANCER IN SIGHT

There is no disease to which suffering humanity is subject that has the force of more reprehension than cancer. There are afflictions which are much more universal in their scope, but apparently few as progressive, no relentless and so fatal.

Malignant diseases have done a great deal to pollute most of the diseases suffered mankind, but cancer has apparently remained immune to all the attacks which have been directed against it.

It is the disease of middle age and may affect almost any part of the body, but is more frequent in some tissues than in others. It is a disease which may be cured, but it is a disease which is covered in the early stages it may be removed by the surgeon's knife, but the tendency is for it to reappear. It is a progressive disease and advances with more or less rapidity towards a fatal termination.

Of late years the death rate from cancer has increased. In England, from 1871 to 1875, 443 persons died per million; in 1911-1915 the rate was 561 persons per million. In the United States, from 1901 to 1905, the rate was 561 persons per million; in 1911-1915 the rate was 661 persons per million.

It must be borne in mind that this statement has no element of generality in it. It is being carried on by eminent medical men.

It is asserted that the treatment has been, by no means, perfected, but sufficient evidence has been secured to prove that cancerous growths may be eliminated, and it may not be long before this dread disease is a thing of the past.

Should this horse eat it will mean one of the greatest benefits to humanity which has occurred during the last hundred years.

POLITICAL PARTIES

There is no doubt that the people of Canada have a rooted distaste for the intrigue and squabbling which in the past have

This feeling has manifested itself in the springing up of various factions, and cabals, and so-called political parties. There are socialists, farmers, laborites and several others coming into being which are supposed to take the place of the two great parties into which the country has been divided in the past.

the next thing to be impossible for any party to carry out the responsibility of Government. It is possible to reduce the desire to get rid of political transients to an absurdity, and the present trend is for every group of people who have special interests to strive, to form a party, with the result that there can only be chaos.

HANGING WOMEN

A woman named Mrs. Cagon is at present lying under sentence of death at Quebec, and a particularly revoltingly cruelly unaccompanied the death of her thought stood between her and the gallows.

We have several times expressed the opinion that hanging

except in extreme cases, was a relic of barbarism. Any law
over, be necessary, but the hanging of a woman is repulsive, or
should be to every Anglo-Saxon. This woman, lying under
sentence of death, has given birth to twins, and if the extreme
sentence of the law is carried out, it can only have the effect
making an impression of callousness and cruelty upon the public
mind.

That from an unfortunate woman, named Missa Shab, she had mistresses in Brandon. Evidence showed that the woman was beside herself with jealousy, but she was associated with all the grisly accessories.

Then the Fun Began.

"I HATE TO SEE THE SHOW, I HATE IT. BUT I DON'T HAVE ANY OTHER CHOICE," I TELL THE BUS DRIVER. "I DON'T WANT TO GO TO THE SHOW!" HE TALKS TO THE ACTRESS BEHIND THE WHEEL OF HIS BUS.

Does Your Success Depend on Chance?

As all forms of Speculative Investment—Stocks, Real Estate, Mining, etc.—all forms of Business—Farming and Manufacturing—success or failure depends on uncertain lines.

Even the man who has a streak of good luck once out in a business venture.

In view of this you owe it to yourself, to your dependents, to your loved ones—to buy life insurance—to buy it NOW.

Your dependents should be—I am sure I will say more life insurance in 1930.

SOME CHICKEN !

One day last week our Alixites were enjoying a having about on dinner with one of the neighbors. The conversation finally turned to the chickens they were raising, one being a B. & B. hen and the other a Plymouth rock. The father of the first, asked how old the chicken was. Suddenly the nine-year old daughter spoke up with an innocent expression. "I thought I killed this hen one before."

BASEBALL NOTES

The Junior boys look quite all right in their new uniforms of blue trimmed with white. They wish to thank Mrs. Potter and Mr. E. Hamilton who donated material and the ladies of the Institute for making them.

The game on Sunday between Alix and Mottler, water teams, Alix, was won by the visitors by a score of 7-1. At the end of the ninth, Mottler claimed 7-7. Alix were more happy and 8-7 Alix, after considerable dispute the extra run was allowed and a lock inning played in which the visitors made a get-away with the above result. It was a victory for Alix but they stuck up for the score as it really was at the end of the 9th.

The Junior Ball boys motorized to Red Deer on Thursday 4 men of last week and after playing thirteen innings the game was called, standing 4-1. It was a fast and furious exhibition from the first ten, some team trying their hardest to break the tie but it was no use. The boys wish to thank Messrs. Meekle and Ferguson for their kindness in taking them over and supplying supper.

LIMIT IS THIRTY DUCKS PER DAY

Important changes are involved in new regulations under the Migratory Birds convention act. Daily bag limits are imposed in all provinces and there are new restrictions with regard to protection of the birds imposed throughout all Canada.

In Manitoba the open season for ducks is September 1 to December 15 both days inclusive and the bag limit is twenty ducks on any one day to October 1, and forty thereafter in the aggregate of all birds. The season was allowed per day, 15 limit, and 50 aggregate of rails, coots and grebes. Plovers and yellowlegs are limited to 15; snipe, 50; mallards, 10; doves, 50. The season's duck limit is 250.

Waterfowl season—Limits are 25 ducks, geese or brant, with the smaller birds the same as Manitoba. The season's limit is 250 including ducks, geese or brant.

Alberta sportsmen may take 20 ducks daily, 15 geese, 15 limit. The season's duck limit is 250.

British Columbia's limit is 20 ducks per day, 10 geese and 15 limit. The duck limit is 250 and geese 50.

Be careful, ladies. An East Plymouth (Guss) lady had to have her leg amputated as the result of blood poisoning from carrying contaminated money in her stocking.

Don't forget the public meeting in the Hamilton School room on Monday evening, Aug. 2nd, at 8 p.m. Rev. Harry of Lacombe will speak on the "Prohibition Referendum."

The Toronto Globe quotes the Winnipeg Free Press as saying that fourteen members also of the Manitoba Legislature were German in certain schools of their district and so English. A little more Conservatism is badly needed in Manitoba politics if that is the case.

I Lord Fraser, the former Hon. Lord, who was called from retirement to fight Germany and to whom more than to any one man, perhaps, the defeat of the Germans was due, died in London on Sunday following an operation.

WHY SHOULD I ASSURE?

Because Life Assurance and education are the best means of old stability. The higher the education the more marked the growth on J. Necks of Life Assurance.

Because I wish "my children to know as well as my wife does."

Because I want my children to have the same advantage as I have on those of my well-to-do neighbors.

Because Life Assurance has done more for the protection of the home, more for the protection of the old age and more for the industry and thrift than any other single agency.

CURRENT COMMENT

ON MATTERS OF INTEREST TO DWELLERS IN THE PRAIRIE PROVINCES OF CANADA

A SUGGESTION TO MEXICAN WHOLESALE

Some Wholesaler has performed miserably in respect to the handling of wheat.

The only reason why our heavy traffic had to be sent to the United States was because of the heavy loads of wheat, which were sent to the United States in hundreds of rail cars.

Some of the most valuable crops possible to an agricultural people, apart altogether from its immediate crops, is produced by the wheat industry.

It should, therefore, be an incomparably rare case to have the wheat industry in the prairie provinces of Canada.

The wheat industry in the prairie provinces of Canada is a most valuable one, and it should be a rare case to have the wheat industry in the prairie provinces of Canada.

"Prisoner at the bar, have you anything to say in your own defence?"

There were a judge of the Supreme court, holding court in the city of Toronto, and a jury of twelve men, and a witness, a tall, thin, middle-aged man, with a long, straight nose, and a pair of eyes that seemed to look straight through you.

It was long before the witness spoke, and the judge looked at him with a stern expression. The witness, however, did not seem to be at all intimidated.

There came a dramatic pause, and the witness looked at the judge with a steady gaze. The judge, however, did not seem to be at all affected by the witness's silence.

STANTON NEWS

Here—To Mr. and Mrs. J. E. Gossamer, on July 28th, a daughter.

Mrs. Harman was rushed to the Lacombe hospital on Wednesday night at last week and underwent an operation for appendicitis.

Two heavy packs is catching it these days. The champion heavy pack is Miss Laura.

Miss Hilbert Waterman is visiting with her brother, Mr. J. D. Waterman.

Mr. O. T. Berg was a visitor to Lacombe one day last week.

DAID LEE SAYS

If it were safe to make a mistake very few of us would ever talk with Mr. Peter.

No, that man is not run by a one cylinder engine. He usually has a touch of hay fever.

Put a match in a powder keg or a train in a ginger ale bottle and something is bound to happen.

What will you have for your birthday? A glass of whiskey, a new suit, and an automobile all cost about the same price.

Run with determination, follow it up with perseverance and rejoice for the sight with satisfaction. If you have the "pull."

Better luck in 1933 for Lipton. When it comes to gamblers and gamblers the betting average is pretty high. Just in passing, too, he is Irish.

The most realistic men and women of the world say those who believe they have a mission to interfere into the affairs of other people. They are never satisfied with their own lives, and are not willing to allow other people to be satisfied.

No date has been set as yet for the resumption of trading in wheat on the Winnipeg Grain Exchange. It is stated that the board of grain commissioners has issued a formal permit to the exchange to open for trading in futures on or after August 16.

Two materials, one of Detroit and one in Toronto, have been serious as to the amount of gas their cars contained; and now they haven't got any, and, thank you, in each case they stand motionless to find out. In each case they discovered gasoline "down" south of it.

FOR SALE-ANY INDEBTS

One Ford one with piston ring, two rear wheels and one front spring. Has no fenders, one or plaid, horns both of gas and is hard to crash. Customer wanted, and say three, engine running, but both on two. Three years old, one front spring, but shock absorbers and every thing.

Reflector busted it more days back. differential dry, you can hear it squeal.

Two spokes missing front all bent, two more off don't worth a cent. Got lots of spindles, will run like the demon, horns either gas or tobacco juice.

Will have no one night or day, for you can hear it coming when miles away.

One tire off, runs on rim, it's a very good Ford but the shop it's in.

Because I have no moral right to bring a family into the world and neglect to provide for their future on their parents' merits.

HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with ROYAL YEAST CAKES should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is entitled. Made with Royal Yeast will keep fresh and moist longer than that made with any other. Made in Canada.

THE VALUE OF ADVERTISING OF AND FOR LIVE STOCK

To the well known, established, breeder of livestock any advice on the value of advertising is superfluous for in the large majority of cases it has been by proper advertising of high class stock that they have built up their business. The purpose of this article is to call the attention of the smaller breeder, the beginner in the business to the possible loss in advertising any livestock he has any way have for sale. For example every year at the Central Experimental farm, (CRAV), there is a deluge of inquiries as to the possibility of purchasing young animals of the various classes of livestock. Now as to say the farm is unable to fill all want for obvious reasons such as being sold out of the particular class of stock wanted, not having and making of the age or sex wanted, and not keeping representative of the breed wanted. In an endeavor to make our correspondents to learn the animals they wanted to purchase it has often been found and sometimes too late that breeder right in their own vicinity had animals of the class of stock wanted for sale, but as they had not been advertised for sale nor had the intending purchaser advertised his wants, both parties missed a chance to do business which would have benefited both.

From above it would seem that a more extended column of advertising on the part of breeders who are either in need of or wish to dispose of stock would be profitable for all parties concerned. This advertising need not be very expensive. A small notice in the proper column of the local paper or in one of the farm papers which are popular in the district would serve the desired purpose quite adequately. If the number and quality of the animals current is a larger advertisement with an illustration would be in order.

Advertising is of course of particular value in disposing of breeding stock or animals not in fit condition for sale on the regular market. The writer has in mind one particular class of stock, namely, aged pure bred dairy bulls of good quality and known to be breeding good stock. Many of these find their way to the butcher every year when it would be much to the advantage of the breeder as well as to the farmer's disposal of them and truly enough get them, if they were kept for further years of service. A little timely advertising would in many cases accomplish this end.

Lastly advertising must be more or less seasonable. The greatest demand for dairy stock and other breeding stock is usually in the late winter and early spring, while sheep are more in demand in late summer and fall. Plan the advertising to meet the seasonal requirements and it can then be done most economically.

Why does water run?

Answer: That is because of cohesion. Water is a liquid, and it also runs like a liquid. While all solids have cohesion, liquids have cohesion, too. If you have ever seen a drop of water, you know that the water molecules are attracted to each other. They are held together by a force called cohesion. This is why water runs. It is the same force that holds the water molecules together in a drop. The water molecules are held together by a force called cohesion. This is why water runs. LOCAL HAPPENINGS

Local Boys will be held to their duty on Tuesday, January 11th at 2 p.m.

A most enjoyable time was spent last Friday evening in the Presbyterian Church, when the boys and girls were entertained by the Women's Institute and a few members of The Young People's Society. Interesting games were played after which supper was served.

A happy vote of thanks was presented to the Women's Institute for the large party which they took to making the evening so profitable. The singing of God Save the King was also sung after which the boys and girls went to their homes.

A WEEKLY CAUTION OF MEN—TREATED IN LIGHTER VEIN

INSPECTED MILK—THE MEN.—**JOHNIE FRANKLIN**—**THE DAY OF THE WOMAN**—**A LADY SPEAKER OF THE B.C. LEGISLATURE.**

A recent outbreak of typhoid at a Regina colony, which is alleged to have been traced to an infected milk supply, has given rise to a good deal of discussion in health circles as to the best way to protect the milk supply of the larger cities and towns of the west. It is estimated that in this business the milk had been handled by a person who had suffered from typhoid, and was still giving off the infection.

It is obvious that a man has no right to be present in an operating room of this nature in the future. The danger is a deadly one, for the medical authorities are correct in their opinion that the presence of such a person in the operating room is a source of danger to the patient. It is estimated that in this business the milk had been handled by a person who had suffered from typhoid, and was still giving off the infection.

It is in this connection that a recommendation has been made that the city council should not use its full power in this matter. It is estimated that in this business the milk had been handled by a person who had suffered from typhoid, and was still giving off the infection.

Nevertheless it is essential even in the case of the protection of the milk supply that the city council should not use its full power in this matter. It is estimated that in this business the milk had been handled by a person who had suffered from typhoid, and was still giving off the infection.

PACIFIC FISHERIES

It really is a tragedy that more serious efforts are not made to develop the Pacific coast fisheries of Canada. The mounting evidence is that the fishery is being rapidly depleted, and the fish are being sold at a price which is not sufficient to cover the cost of catching them.

WEDDING

A quiet wedding was solemnized at the Presbyterian House, Lacombe, on Wednesday, Jan. 26th, at four o'clock, when Justin E. Willows, daughter of Mr. and Mrs. J. B. Willows, of Wainwright, and J. THE THIRD GENERATION

Is a cousin a coward.
If cousin interfere with your business—give up your business.
The first generation is misery.
The second profligate—the Third Bankrupt.
An outrageous wife, a husband who neglected his business, and financial disaster.

A social butterfly, a crooked Wall Street operator, and a spending thrift handed over "some luck."

He passed that it took more than a gentleman to uphold the honor of his family name.

He dropped another grave on his to come back and find his wife married to another.

A SURPRISE PARTY

On Monday evening, the last day of January, the home of Mr. and Mrs. Yarwood was the scene of a party given in honor of Mr. R. D. McQuay of the Union Bank. The party was most successfully a surprise to the guest of honor, for it was not easy to induce him to leave his work at the bank that evening, and when at last, the guests gathered not less on to whether Mr. McQuay would put in an appearance, a special messenger was sent to bring him.

After suggestive and other games were enjoyed, and prizes awarded, vocal and piano selections were given, and a tempting feast was served.

Before the party broke up, Mr. George Martin, in well chosen words, addressed Mr. McQuay, praising the sentiments of the assembled crowd, (as well as those of the entire town) in words of appreciation of his good fellowship and ever readiness to help in any worthy cause. Much respect was expressed as thoughts of his leaving Alix. Mr. Martin finished his remarks by presenting to Mr. McQuay a handsome pin. The best wishes of Alix follow Mr. McQuay.

GOOD BYE, MAC

All the cheer on Tuesday evening Mr. W. L. Point, on behalf of the business men of Alix, presented R. D. McQuay with a pair of military brushes and shaving kit and the following address:

Dear Mac—
It is with regret that we, the undersigned, learn that you are about to leave us to take up the duties of life in other fields, and we all join to accept this little token of the appreciation of your services as teller of the Union Bank, and the interest you have taken in the various social events of our town. We have indeed up-graduated you and will find a distinguished man on your removal from our midst. We sincerely trust that wherever you may henceforth you will find prosperity and advancement awaiting you, and as the years later hand slide, we will always keep a warm spot in your heart for the money in Alix, and remember you kindly.

This letter is but an expression of sentiment and will be followed by

**COUNCIL STRIKES
RATE OF 30 MILLS**

A Regular meeting of the V.P. Council was held on Monday evening with no more all present. After passing the minutes of the previous meeting and reading the correspondence, the secretary read the assessment for 1931 which was confirmed and a rate of 30 mills for general and 15 for fire was struck. There were only three appeals against the assessment and these were not allowed.

The estimated expenditure for the ensuing year was read by the secretary and the above rate struck accordingly.

It was decided to strictly enforce the new by-law.

The business tax and license were left practically the same as 1930 with the addition that all boarding and rooming houses will be taxed on rental basis.

Correspondence from the Department and several letters for the aged and infirm was read with reference to the taking care of Mr. J. B. Mullin. It was decided that the most economical way would be to support him at home.

C. G. Mayr was again granted of the necessary protection for his mill delivery.

**THE PASSING OF
AN OLD RESIDENT**

We are this week called upon to record the death of an old and highly respected citizen of the Selkirk Lake district. In the person of Mr. O. J. Gorman, which took place on Saturday evening last, Feb. 8th, after a prolonged illness. He was a man of great suffering from cancer and his passing away was not unexpected. The funeral took place on Monday to the cemetery, Rev. E. J. Ralston, pastor of the Alix Presbyterian Church, conducting the last end rites. The pall bearers were all old time and later friends of the departed: Messrs. O. Smith, C. Oshinski, A. L. Munn, P. H. Brown, F. L. Lofstead and T. W. Burt.

Deceased was a native of Norway but emigrated to this country when twenty years of age and after residing in several portions of the U. S., settled in Thorburn, Wis. He was a man of many years, coming to Canada and settling in the Alix district 18 years ago. He has had a long and useful life.

He is survived by his wife, four sons and three daughters: E. H. O. and O. J. of Alix District, Minn., and Mrs. John Peterson of Thorburn, Wis. The sympathy of the community is extended to the bereaved wife and family.

NOTHING TO IT

On Wednesday the Alix hockey team, represented by the Alix hockey team, to have a great game with that team. The game started at 8:00 and was a walk away for the Alix team. Neither was outscored and outplayed right from the beginning, the score ending 1 to 1 in favor of Alix.

At the Alix team played a star game. With the present team Alix can beat anything on the side. So there is expected to play in Alix in the near future with a much stronger team. Watch for it again and come out and support the locals.

Local Secretary, J. J. Peterson, has been elected as first vice-president. The second vice-president, J. J. Peterson, has been elected as first vice-president. The third vice-president, J. J. Peterson, has been elected as first vice-president.

WILLIAMS CONCERT CO.

This is not an advertisement for
George Durlow, of what he is ab-
le to bring to our small village,
nor is it a contribution to fill up
space in the Alta Free Press. I
am not in the habit of writing
either, at once on hour of the
night, or the one that closed the
performance on Tuesday night
but hearty appreciation of what
was rendered by the above com-
pany.

A start was made at 8 o'clock
on an and lasted till 11.05 o'clock
two hours of the best entertain-
ment that one could wish for, and
I think that everyone who was
there enjoyed with me.

The opening number by Miss
Brown, displayed with wonder-
ful facility on the piano.
Songs like Miss Allen's soprano
and Mr. Martin's baritone are
 seldom heard here and Mr. Wil-
liams as a comedian and impa-
sonator was excellent.

Whether it is old or new music
the rendering was absolutely ex-
cellent, the applause of the audi-
ence proved that, while Mr. Wil-
liams, when over on the stage
held the ball in various, for he
had the right "pop" in it all.

OLD TIME RESIDENT PASSES AWAY

We regret to announce the death of Mrs. Sarah Louisa Merrifield at the home of her son Mr. J. E. Merrifield, east of town on Monday, March 27th. The late Mrs. Merrifield was born in Indiana but married with husband and family to Alberta in 1908, settling in Alix district where her life partner died in December of 1927.

The funeral services were conducted by Rev. Henry of the Presbyterian Church on Tuesday, Mar. 28th where the casket, preceded to Alix cemetery for interment followed by a large number of mourning friends and relatives.

The pall bearers were all old family friends: J. Docherty, C. Stuchard, G. Mullin, P. Ames, C. Walker and J. Hamilton.

THE "AT HOME"

Once again the Annual "At Home" in connection with Alix Ladies No. 31, I. O. O. F. is an event of the past and Tuesday evening proved even more that the three leaders are "Johnny on the Spot" when it comes to arranging a good time. The crowd was large and the floor was good and the music by the Strating, the chairs all that could be desired. But one of the main features of a fair is this kind is a banquet and on this occasion the ladies of the Presbytery Church extended the invitation to the banquet held in the vestry hall. There was a feast of which ample justice was done and food was the per use by the participants. To say that this annual event is looked forward to each year was evidenced by the attendance and the good nature of those present, and the "chain gang" was more than pleased with the result.

"THE STOLEN KISS"

Let's pretend there are no fish on to wash tomorrow night; no business worries to fret us upon; no pleasure machine in the great universe to concern us but just a little world of dreams. Let's meet "Little Man by the Day," who wipes out her childish mistakes by pretending she hasn't any. Let's pretend she pretends to be a girl, through girlhood until one day a nation pays her the tribute due a great woman. Constance Binney in "The stolen Kiss" will take you for a spin, let's the bewitching land of make-believe for the most beautiful and delightful evening in many a long, long day.

SAFETY FIRST

An Oklahoma editor tells of an incident that came into his life of late to illustrate for the paper. The editor took the money, then wanted a receipt. The editor said, "He said the same time, and he said to me, 'I have good ladies.' I say you know, did you pay debt? I say yes. He said, did you pay your money? I say yes. He said, 'Where is the receipt?' I say, 'I have it.' He said, 'I will give you half to find you and get the receipt.'"

A old maid said as she looked at a man who was "a nice guy" and said: "You're looking at a man who is a nice guy, but he is not a nice guy."

"Don't worry about that, but the girl will give you and be on your way."

The Secretary was instructed to issue premises used as boarding or rooming houses for business tax.

DRAWING AND TRANSFER PROMPTLY ATTENDED TO
PAUL TOEPFER, Proprietor

in Canada, \$2.00 per year; elsewhere, \$2.50; United States \$2.00
 P. O. Address: Dallas, Texas

There is a growing feeling that one of the great errors of current life in the world is due to the fact that people, especially young people, are feverishly anxious to "have a good time," and with this in mind that that one may only be obtained by the maximum amount of work and expending the maximum amount of time in seeking pleasure—by pursuing the pleasure of joy with all that is possible and are thus, wanting the best years of their lives without adding anything other to the sum total of their own happiness or the well-being of the world. One is reminded of a saying of Edison's: "One cannot subvert the world today," says the great inventor, "if that people fail to enjoy the happiness and satisfaction which comes from doing a job, no matter what it is, abundantly in the best way within their

power. Failing to find the joy which they should find in accomplishing something, they turn to every imaginable form of amusement, instead of learning to drink in joy through their minds; they try to find it without effort through their eyes and ears--and sometimes their stomachs."

We sometimes sigh about the slavery of work but there is nothing that brings the satisfaction that congenial work, well and honestly performed, brings to man or woman. "All work and no play makes Jack a dull boy," perhaps, but all play and no work makes Jack a good-for-nothing and often a worthless and unskilled slave.

Some people can't understand how folks got along in the days before the telephone and the automobile. For one thing they say it isn't as good as doing more and writing letters. Now letterwriting—except of the formal kind—is becoming a lost art.

Plans have been completed by the Canadian National Railway for the opening of camps for summer tourists in both Jasper and Banff parks.

Jasper Park Camp, which has been in operation for several years back will be located on the same site as previously, on beautiful "Lee Beaver" about two miles distant from Jasper station. This camp, better known as the "Jasper Park tented city" will be open for guests about June 15th and will be continued until Sept. 15. Accommodation will be provided for from 75 to 100

ment. It will be operated by Mr
J. W. Brainerd.

Mr. Robson Park Camp will be located about three miles from Mt. R. Anson station, and accommodation will be provided for twenty to thirty people. This is the second year for this camp, which is used primarily as a base for tourists going into the Mount Robson and Berg Lake region, situated eight or ten miles from the base camp. The camp will be open for guests from July 1st to the end of August, and will be operated by Messrs. Dunsmuir and Beith.

Bring them to Hoppers Barn any day of the week—Monday to Friday.

Notice is hereby given that E. Wilson of Allis has made application to the Minister of Public Works, Edmonton, for a license to survey the following road allowances surveyed highway, viz., between E. 12 60 Street & W. 2 00 Street.

Any protest against the granting of the above mentioned loan must be forwarded to the Minister of Public Works, Kingston within thirty days from the date of this notice.

Dated at Ailsa 31st March 1882.
H. Ockenden Wynn, applicant.

THE PRINTER'S TYPE

I am old and experienced
man from the depths of the
north. I have now I am taught
and educated. When I grow old
I am lonely, not alone and return
to my family.

I have presented the works of
science and history. I have
beside broadcast the works of
man, created war, overturned
kingdoms and elected crowns.
Wigmore than the sword can I.
But I never been from the world
would still be clothed in darkness
and ignorance, now remain an
unknown, untaught and learning
enormous. Wonderful in-
struction of learning have been
created through my study, lived
and learned and become more hap-
py. My greatest ambition is re-
alize if I can teach the young
and old the old and spread knowl-
edge throughout the world. I
and you to learn of the happen-
ings of your neighbors, the doing
of the other the work of yesterday.
My motto stands from the small-
est to the largest, the smallest
of the earth. Yet, I am little
known, seldom seen and quite
small and insignificant. But,
you will see my lasting impres-
sion on the morning for I am but
a printer's humble type.

There are men who appear to
believe that no log, as they are
not included in the neighbor-
hood for goods purchased, or to the
community or to the state for the
taxes they pay, they have nothing
of their whole duty and nothing
can be learned of them. In
reality, it is no duty to his neighbor
is limited only by his power
to be a better good, and his
duty to the community by his
duty to be of service to it. The
community in which the prevailing
sentiment is "What do I get
out of it?" is one that does not and
cannot prosper.

VILLAGE COUNCIL HOLD BUSY SESSION Cement Walk on Main Street--Railway Avenue To Be Opened Up

The meeting of the Village
council on Monday evening was
nearly a business one and the mat-
ters dealt with will surely add to
the appearance of our town.

Arrangements were completed
for the building of a strip of cur-
bent walk on the east side of Main
Street from Mrs. Garret's corner to
The Big House, a distance of
300 feet. Estimate of F. McCon-
nel, mason, approximately \$1.40
per running foot, was accepted,
and work will commence in a
couple of weeks. The lumber
to this walk will be utilized in re-
pairing the other walks around
town, and each year the council
intend to extend the system of
cement walks.

The slaking of a town well was
also freely discussed and the mat-
ter of an engine and a pumping
on it was left for further invest-
igation. The matter will arrive
in a few days.

Next week session will be on the
job opening Railway Ave. through
to the dam.

The Secretary was instructed
to procure prices on well casing
from our local dealer.
Messrs. McLaughlin and Tom-
pkins were voted \$15 each as an
appropriation for the annual walk
they recently built in front of
their property.

Accounts amounting to \$800
were passed for payment.

COUNCIL RECEIVES NOTIFICATION OF MUNICIPAL HOSPITAL DISTRICT

Auditor's Salary Is Fixed at \$150.00—
Graders To Receive 50c Per Hour

The council of the Municipal
District of Lacombe No. 202
of the Municipal Office in
Alta., Wednesday, May 18th, at one
o'clock p. m.

All the members of the council
were present. Rev. Theo. J.
Boes in the chair.

The status of the council
meeting held April 26th were read
and confirmed on a motion by
Mr. Tallman.

With reference to Mr. A. C.
Fiedler's claim for damages
for loss of a horse, the committee
appointed to investigate the case
reported, that there was no evi-
dence to show that the horse had
been on the bridge in question;
his claim was consequently re-
jected. The secretary was in-
structed to advise Mr. Fiedler
accordingly.

The by law for borrowing the
necessary funds for road grade
advances was given a third read-
ing and passed.
A letter from the Department
of Public Health was read, notifi-
cating the council that the Minis-
ter of Public Health had ordered
the inclusion into the Red Deer
Municipal Hospital District of the
following parts of the West-
ern District of Lacombe:

Township 36 in range 28 and
34 lying west and north of the
Red Deer River; Sections 1 to 13
in Township 36 Range 28 and 34.
It was received by motion by
Mr. MacMillan, that Mr. Boes be
appointed to represent the district
on the Hospital Board in ques-
tion.

An application from Mr. E.
Hague for the issue of Road
allowance between sections 28 and
34 was recommended.

The secretary was instructed to
advise the United Fruit Growers
Marketing Company Limited of
Calgary, that the District is
unable to use the Assessment
made by them.

The auditor's fee for 1921 was
fixed at \$150.00 and Mr. E. W.
Foster was appointed auditor
to the district for 1921.

On motion of Mr. MacMillan it
was resolved that the pay for single
hairs on road work be raised for
per hour, and that the pay for
graders be raised at late the
hour.

A number of accounts were
passed for payment on a motion
by Mr. J. Smith. Mr. MacMillan
moved the adjournment of the
meeting at 2.40 p. m.

The heavy rainstorm the fore-
part of the week has been a ben-
efit. The strong winds were
playing havoc with the crops, but
as usual, the moisture arrived
in time. There was enough mois-
ture for germination and already
the wheat fields are carrying a
green carpet.

Alix and Mirror Win The First League Games

Good Weather and Good Crowd Greet
The Opening of the B. B. Season

Tuesday was a real let-up day for Alix, when the first games of the Buffalo Lake and Pinewood Valley Leagues were staged and relative in Alix winning from Joffre, 5-1; and Mirror took the big one of a 10-6 score from Olive.

The Alix-Joffre game was snappy and a good exhibition of ball tossing. Griffin for Alix was in good form, pitched a steady game and created good support, while Keston is a marvel with the catcher's mitt.

Kowall, the twirler for the visitors, had the ball well under control but his support was weak. The only accident of the day occurred in this game when the Joffre minor, was hit in the throat by the ball.

Score by innings:

Joffre 0 0 0 0 0 1 0-1
Alix 1 0 0 0 0 0 1-6
Fred Allison, Clive, Ump.

The Clive-Mirror game was a cracker as evidenced at the Alix end by the very interesting. Mirror piling up nine runs to a game egg in the first three innings, but on a change of Clive pitchers they made a pickup of 6 to 3 runs in the balance of the game, but lag the score 15-6 in Mirror's favor.

Score by innings:

Clive 0 0 0 0 0 1 0-8
Mirror 4 2 0 0 0 0 1-13
E. Hopper, Alix, Ump.

Three Joffre ballers were on the day's program, the struggle being the price of bats, balls and a set put up by the business men. Alix succeeded in doubling Buehler twice in the morning; Mirror triumphant Olive in the afternoon; and Alix in a losing game won first prize over Mirror. All games were worthy of the name and demonstrated that each of the teams implicated here growing ball players who will tell the world is thing at two.

1st GAME

Alix 0 0 0 0 0 1 0-8
Joffre 0 0 0 0 0 1 0-2
U. H. Darlow, Alix, Ump.

2nd GAME

Mirror 0 0 1 0 0 0 0-4
Clive 0 0 1 0 0 0 0-2
F. Allison, Clive, Ump.

3rd GAME

Alix 0 1 0 0 0 0 0-3
Mirror 0 0 0 0 0 0 0-2
Langdon, Buehler, Ump.

The down at night was well attended, the minor was good and the ball boys added considerably to their bank account.

Don E. Baskinier Smith, who has spent the past few weeks with Mr. and Mrs. T. Thompson, left on Wednesday for England.

THE LEGEND OF "THE WILLOW TREE"

In ancient times a great lord of old Japan, named Isonde, was a lover and wary of the world. He retired to a distant house where he lived in loneliness until a beautiful young girl came to be his wife. Although her origin was not known to Isonde, she was a lovely woman whose spirit came from the heart of a great willow tree growing near by. She, Princess of the Willow Branch, loved Isonde deeply and made him happy like a mortal wife. And Isonde forgot day as...

Three, continue still more against Japan, understanding over the great mother of Mikado. His courage hastened to Isonde, and on his way to back and save his country, but Isonde replied "No, never can I leave my beloved wife."

Willow tree be most anxious to succor his honor for his love that the fair Willow Wife, truly more strong than he, said:

"Isonde cut down that unfriendly and too sheltering willow tree which brings its leaves and shade upon one garden, but Isonde, emptying nothing but his axe to the tree while his wife who wife laughed gaily. And he when he turned he heard one laugh and heard another but the garden of his beloved and one green willow branch. For she had gone back to the heart of the Willow Tree. So did the Willow Princess, with her life, save Isonde's honor.

CHIP STILL ON THEIR SHOULDER

Last week we noted two wins for the Alix Basketball girls, namely Lynette and Bentley, and now we have two more. On Friday at Stettler, making it all four wins for our girls away from home inside a week. On June 3rd the lucky six returned to Stettler where they played two games winning the first game. Center in a hard battle by a score of 8-0, and the second from Stettler, score 30-6, showing bringing home the 830 prize.

Miss Rowley, the Principal, accompanied the girls.

WIN AGAIN AND AGAIN TO WIN

Following the victory of the 5th, our junior ball team took their holiday season and returned to Mirror on June 3rd, where their luck held good and they returned with flying colors and a score of 12-0 to their favor. The girls have played here to mirror (Saturday) afternoon and the young fry ball confident of carrying the tables and winning this game also. Come out and root.

LOCAL HAPPENINGS

Beulah Alix is visiting in the district. It is some years since he left town and in that time he has traveled practically all over the world. He may take up land in our district.

George Meier of Oyen was a business visitor to our town the first of the week.
Mrs. A. H. Pugh of Lethbridge, Man., is spending a couple of weeks with her son, H. O. Pugh, in town in St. Paul, Minn. on Monday, June 13th at 8 p.m.

THIRD SPASH

Wednesday at Joffre was an unlucky day for most of the team of the H. L. and P. V. League. Joffre slipping it over Mirror by a 4-3 score and Oyen winning over Alix 14-1.

The contest between Joffre and Mirror was a battle royal and a good exhibition of ball, but the other was something in the nature of a whitewash. The one and only for the Alix nine was made in the third by Finlayson.

A good friend I once graced his way into the city yesterday, plucked himself down in our last study, and stood bravely and manfully into space for half an hour, then about his lip took his pocket, drew it out a two or three bill, nervously held it, handed it to me with averted eyes, and I away with increased vigor, and finally from the shop. How he obviously goes for a year. — Ha.

Mrs. W. H. Jock was a visitor in the town the forepart of the week.

OVER-GRADING CREAM IS BEING CHECKED UP

Lindahl Farmer - A land owner
was approached before W. G.
Berthier, J. P., on Wednesday
May 26th, in answer to a charge
of over-grading cream. The in-
formation was sent by Inspector
A. K. McDermid. The foregoing
means that the Treasury man
who taking in most cream gave
the cream a special grade when
it really the grade which has
been a lower one making approx-
imately a difference of three cents
per bushel than was paid the farmer.
The significance of this to the
government is endeavoring to
keep up the standard of Alberta
cream, and when this cream is
exported as a standard by the cream
stations it means that Alberta is
a better making province in long
standing. It is this way the
cream stations have become the
center of the cream producing busi-
ness. All the cream stations are
regularly graded and every time a
short-sighted farmer purchases one
of these stations he is settling his
throat.

This week two stations at Cam-
rose and vicinity and three at
Ponoka appeared before the J. P.
in answer to the charge. From
now on, when a farmer comes out
of your team? Alberta is being
ground every day as a better
making province and all on ac-
count of the precision of the sta-
tions of the cream stations of the
province, which your patronage keeps
afloat. - Open up your local
creameries again - Market Stan-
dard, June 3rd.

BUFFALO LAKE AS A RESERVOIR

Ottawa, June 9.—Four survey parties are now operating in Canada and Alberta, three of them to get information which will enable the reclamation branch of the department of the interior to decide the feasibility and desirability of the plan to Mr. Wm. F. Ferguson, engineer of the C. P. R. to restore some of the department of the interior to divert water from the North Saskatchewan river down to Buffalo Lake to be used for stock watering purposes, and for the irrigation of some tracts of land lying north of the Red Deer river.

The area comprised in this project is approximately seven million acres lying north of the Red Deer and south of the Battle River in Central Alberta and Ontario. Some portions of this district suffer from drought and drought throughout a large part of it there is a great scarcity of water, even for stock watering and domestic purposes.

INDICATE FEASIBILITY
An eye reconnaissance survey made in 1920 by Mr. F. Ferguson of the department, simply indicated the feasibility of diverting water from the head waters of the North Saskatchewan at a point of diversion above Rocky Mountain House, near Calgary, and from other sources, for storage in Buffalo Lake.

It was also indicated that topography in this might be possible to divert the water in a more easterly direction through the dry districts which require it.

Under the most favorable conditions it was indicated only about a million acres of this district could be irrigated, and not more than a half a million in separate tracts at intervals.

FOUR PARTIES ACTING
Not enough information was gained from this survey, however, to enable the department to determine whether the project was feasible from an economical standpoint. That is why survey parties are sent out each year. One party is working to determine the feasibility of diverting the water from the Red Deer river and the headwaters of the Red Deer and Battle Rivers to Buffalo Lake. Another party is going in to consider the feasibility of diverting water from the Chinook river. A third party is working the feasibility of diverting water from the Bow River and the headwaters of the Bow River and carrying water into the Chinook River. The fourth party is simply doing topographical leveling work.—Calgary Herald.

ALIX FAIR DATES AUGUST 29 AND 30

August 29th and 30th are not far away, and there is not a lot of time left in which to prepare some of the exhibits and we would request each and every resident of the district to make a resolution to have a try for some of the prizes. There is always a large percentage of the money never paid out owing to non-attendance in many classes, a state of affairs which should not exist as the list is especially compiled to suit the production of the district and we have the goods. You are the producer and it is up to you to help boost the Annual Fair. The Government has stated that there must be at least \$500 paid in prize money this year or the society will not receive the grant and it is also possible that the charter may be cancelled, and then our efforts would mean nothing to the fair. This is YOUR DAY and it is in YOUR hands to say whether or not the 1931 Exhibition shall be the last.

or only the beginning of a better and larger fair.

The Association held a directors' meeting on Saturday last and it was sure full of enthusiasm. Arrangements were made for the publication of prize lists which will offer larger prizes awards by many dollars than last year. Committees on arrangements, membership, grounds, etc., have been appointed and everything is in shape for a grand start.

Her 80th Milestone

On Tuesday a large group of ladies gathered at the home of Mrs. O. J. Brown to take part in commemorating her 80th birthday. A pleasant afternoon was the result.

JUNE WEDDING

A pretty wedding took place at St. Monica's Church, Calgary on Wednesday, June 16th, at 11 a.m. when Anna Kathleen, eldest daughter of Mr. and Mrs. J. M. Brown and Henry T. Carr, son of Mr. and Mrs. R. D. Carr, were united in marriage by Rev. Parent. The happy couple on their return from a honeymoon trip to Calgary, will reside on the groom's farm. We wish in extending congratulations and best wishes.

On Thursday afternoon, June 17th a dinner was given by Mrs. Anna Kathleen to all her lady friends at the home of Mrs. M. J. Brown. After the lunch and after the various presents and displayed the beautiful and useful articles they contained, a few well-known remarks Mrs. Kathleen made for many friends for their kindness.

A buffet lunch was then served by the ladies to which we all sample justice.

Government in setting aside

these lands for the benefit, ad-

people of Canada and for the

preservation of wild life which

the enjoyment of civilization

has with it, is to have the park

as well as the hearty approval of

all citizens.

Rocky Mountain park in Banff,

Alberta, covers an area of approx-
imately 2700 square miles, and

within this wide and beautiful

park, the Banff National Park

is situated, with its many moun-

of North America, which are

well illustrated by the Banff Na-

DEPARTMENTAL

EXAMINATIONS

JUNE 20 TO 29

The Hon. Geo. F. Smith, Min-
ister of Education, announces a

change of policy in connection

with the Grades VIII and IX

Departmental Examination.

In former years candidates for

the Grade VIII Examination in

English and French were re-
quired to go to school "extra-

hours at least twelve candidates

in each subject uniformly im-
posed with their chance of pass-

ing the examination. Much

difficulty was found in securing

the necessary number of these

young people and this added to

the expense which the parents

were asked to bear resulted in

the examination being not well

attended. This year all candidates

for the Grade VIII and IX De-
partmental Examination will

attend in their own schools, which

should result in a much larger

number of candidates and a

more satisfactory result.

Continued have been selected in

all parts of the province where

candidates for the examination

will be in the hands of the

Department of Education. For

any candidates who have not yet

attended the Department of the

Department of Education. For

any candidates who have not yet

FARMERS HAVE CONFERENCE WITH EDUCATION DEPARTMENT

Important Discussion on Educational Affairs--Resolutions of Approval Are Passed

The joint educational committee of the U. F. A. and the U. F. W. A. held its first official conference with the Minister of Education and officials of the Department in Edmonton. A very full and satisfactory discussion took place regarding all phases of rural school problems. The efforts of the Department to provide high school up to certain standards were strongly approved by the members of the department in discussing the autonomous rights of school boards. The members of the Committee made many helpful suggestions and declared their support of any plan that would equalize the educational services throughout the Province.

After the conference the members of the joint committee met in the Council Hall and passed the following resolutions which were forwarded to the Minister of Education.

That we are in favor of the authorized form of teachers' contract with an amendment to clause regarding termination of agreement, making the clause reciprocal and providing, in the event of either party breaking the contract, a minimum penalty equal to a month's salary.

That we favor the principle of the co-educational school.

That we express our approval of the progress in the number of attendance centres.

That we are in favor of plan of procedure now followed in forming counties that include as outlined to us by the Minister of Education.

That we are glad to note that the number of school children has been materially reduced.

That we are in favor of a system of provincial taxation for educational purposes.

The report was signed by P. Baker, Secretary, Chairman Mrs. A. H. Hays, President Valley Secretary Margaret Leach, P. O. Clerk, Henry R. Hays, Editor.

The Alix plan was discussed on Wednesday afternoon when Mr. T. Wilson, who has been confined to his bed for the past week, is well on the way to recovery.

Mr. T. Wilson, who has been confined to his bed for the past week, is well on the way to recovery.

Don't forget that you are invited to the picnic given by the Ladies of the Institute at the home of Mrs. Haines on the beautiful lawn of Haines Lake, one week from today, Friday, July 1st. Bring your lunch and have a good time.

Services on Monday at 2:30 p.m. in St. Vincent Church.

WHAT YOU'LL SEE IN "LI TING LANG"

Underground methods of Chi-
nese agents whom only it is in-
teresting their fellow countrymen
to regain life to their govern-
ment.

A startling revelation of the
influence and power of the repre-
sentatives of the former Chinese
monarchy.

Intervening and intimate views
of Chinese life and customs.

One of the best known revolution-
ary leaders in China, whose
thousands of business men and
thousands of soldiers go every year.

Fascinating scenes along the
great waterways of China.

A daring plot by ambitious re-
volutionists to play an American
girl out to play the blame on the
side of the military forces in
order to force him out of command.

A battle to the death with
thousands to win a man, single
handed, defeats a band of Chi-
nese assassins.

The way the American fighting
ship battles the frigate. Visual
when the life of an American
girl is at stake.

Romantic - Police action and
suspense.

...of man-made revealed the difficulties of a new photographic process just recently perfected. The discovery is expected to be of tremendous military value to the air service, as well as to have incalculable scientific and commercial application. It will give to the eye of the camera power which nature has never endowed to the human eye, for it will be possible for airplanes to make photographs from heights so great that the plants themselves will be invisible from the earth, and to penetrate haze that the human eye cannot pierce.

"Yes," said the visitor, "but you cannot hold a candle to the goods we are turning out."

Why Should The Farmers of Alberta Oppose The STEWART GOVERNMENT?

Premier Stewart is one of the best farmers in the province.

The Provincial government has passed some legislation in the interests of the farmers than any other government in Canada.

The platform of the U.F.A. is also an identical platform of the Stewart government.

All eleven and motions have received the utmost consideration at all times from Premier Stewart and his cabinet.

The government has been progressive and business-like.

Critical times are ahead and the government is prepared to cope with these problems in an experienced and careful manner.

Why, Then, Should Premier Stewart Be Opposed?

Remember what Hon. T. A. Crozier, a liberal leader of the opposition has said to his wife he addressed the U.F.A. convention in Edmonton, January 28th 1921, as reported in the press.

"Mr. Crozier pointed out that the business of government, he said, and what he was a municipality, a province, or in the wider federal field, was a business that should engage the attention of every honest citizen, no matter what his calling or occupation might be, and consequently that being the case, he for one was willing to take common ground with the other man, whatever his profession might be, as long as he believed in policies that he, the speaker, believed in, and was willing to work with him for these ends."

"That does not mean that the question of your organization, or of any farmer's organization, is as though," said Mr. Crozier, "it would be a thousand pities if we were to do anything in Canada today that would destroy the integrity and self-interest of the farmer's organization. Your U.F.A. as your president has pointed out in many occasions, must continue to exist as a farmer's organization, built up on each, but let me say this, when you get into the wider field where you are dealing with matters of vital importance to all the people of the country, do not refuse the support and assistance of the man who is willing to work with you towards that end. You will find in your final purpose if you move in to work your share for the sake of power. It would be a fatal mistake if we become entangled with the desire to acquire power in government, entirely for the sake of having it."

Critical Times in the Era of Re-establishment are still ahead—The words of Hon. Mr. Crozier carry a note of grave warning—The Stewart Gov't has an unchallenged record of splendid public service. Why not stand together and work together?

YOU TOO, BROTHER

At this the beginning of the Fair season I would respectfully ask the attention of the Members of the various Agricultural Societies in the following reminder: That it is most essential to the success of every Fair that active co-operation exists among the officers, directors and members of every Agricultural Society. Let every member do his or her utmost to make as good an exhibit as possible themselves to encourage their neighbors and friends to do so. Co-operation and friendly rivalry are really the mottoes of success in every Agricultural Society.

As the future of the Alix Fair and the continuance of the Government grant on their behalf depends in a large measure on the success or failure of this Fair, a special effort should be made by all concerned to see that the local Society does not fall in line it runs the risk of losing it's charter by having paid out to exhibit items for less than \$500 at the forthcoming Fair. This is quite important.

Act Unselfishly, Secretary

PURE AND WHOLESOME FOOD PRODUCTS

A very apparent effort of the work of the Department of Agriculture in Ottawa is the improvement that has taken place in the cleanliness and purity of the people's food. Especially is this true of the work performed by the Live Stock and Branch of said department. Better equipment at the stock yards has been brought about as improved facilities for transportation on the one hand and on the other, rigid inspection at the abattoirs and slaughter-houses insures healthy and wholesome meats for consumption. It is impossible to over-estimate the value of the meat that is thus being consumed. At the measures also clean and wholesome are assured by the regulations that are enforced by inspectors and superintendents under the immediate control of the Branch of Live Stock Branch and people, under the Portfolio division of the Live Stock Branch have been advised to make their selections. In by-products from these abattoirs always a certain quantity of meat is kept at the breakfast table and in cooking. They usually represent one, two, or three and sometimes more, in a dozen or so pieces, and are most well equipped. Today they lay out

stock with confidence. The maintenance of all other articles of food value over by this and other departments. By legislation, sanitation has been checked and as nearly as possible improved. The people work not only conditions but is constantly being expanded and enlarged to improve.

HEALTH NOTES

Warm food and cool food need no physicians.

Drink without eating and eat without drinking.

Getting wet makes black marks on the health.

Heavy, juicy and sweet will ruin any digestion.

Never let a day pass without covering five miles a day on foot. Your room, not your stomach, gives you its health through. See how high you can hold your head and how deeply you can breathe.

Five glasses of water a day, enough meals, will make you free of doctors.

If you will save your meals till after luncheon, you will never find it hard to consume them.

Don't eat the heart for pump extra blood in the brain all day and the rest on a vegetable dinner at night.

Nature never provided a man for getting his legs tired. This you must manage for getting their nerves exhausted.

A YOUNG LIFE TAKEN

Death entered the home circle of Mr. and Mrs. J. J. Haggridge on Monday, August 24, and departed them of their youngest son, Wallace, a bright lad of thirteen years, who passed away in the Red Cross Memorial Hospital after an operation for appendicitis, following a sickness of but a few days.

The funeral took place Tuesday at Alix cemetery, services at home and graves being conducted by the Rev. C. J. Collins, Methodist minister of this city.

The sympathy of the community is extended to the bereaved family.

GARD OF THANKS

Mr. and Mrs. Haggridge wish to thank their many kind friends for kindnesses shown them in their recent affliction.

CHATEAUAU WILL RETURN NEXT YEAR

The 1931 Alix Chateaux is the best of the past and only the continuation of a three-day festival which was beyond the expectations of all, remains with us. "The proof of the pudding is in the eating" and the best guarantee as to whether the programme was enjoyed, is found on the recall sheet which was signed by about 150 of those who had attended of two every day.

It would be impossible to discriminate on the various numbers suffice it to say they were all of high standard and indicative. More and more is this form of carrying the best talent to the small community, being recommended and we for Alix and district are believe Chateaux has come to stay.

NOTES

The committee wish to thank the public for their liberal support of the 1931 Chateaux.

On the grounds for 1932, 75% of the grounds are for sale, which goes to show the interest and appreciation of the rural community for this form of share and wholesome education which was originally, in 1925, brought to Alix by the two women.

If it has accomplished nothing else, Chateaux has created a working appreciation between the city and country, and is to be made ample capital for a continuation of this form of social intercourse.

U. P. W.

The next fortnightly meeting will be held in the U. P. A. hall on Saturday, August 28th, at 8 P. M.

This is a business meeting and all members are requested to be present. The record is usual.

A. C. Andrews, Editor and Prop.

General rain descended on the districts of the province during the past few days. A number of districts report from half an inch to three-quarters of an inch. Most of the districts in the southern part of the province have benefited by a plentiful supply. This rain was too late to be of any great assistance to the general crop throughout the southern part of the province. It will, however, very much assist in the filling of the oat and barley crops and later sown wheat.

Practically all sections of the province south of Houston have suffered from a shortage of rain during the whole season. Notwithstanding this the big central portion of the province will reap a fair crop. The recent rain has arrived in time to help not only the oats and barley in the central area but will also materially improve the wheat crop except some of the early sown and early maturing varieties.

The whole southern and southwestern areas will have a short light crop. In those districts however, there are certain sections which have been visited by frequent local showers and as a result good crops will be harvested in those areas. This is particularly the case in two or three localities one of which is located near the southern boundary of the province.

North and east of Edmonton and in the Grande Prairie and Peace River districts the reports are especially good. There has been plenty of rain and the season throughout has been particularly favorable. As far as can be determined at the present time the

One good feature of the situation throughout the north is that the rice crop has withstood the drought well. Rice is now being cut and will make a good general yield.

Wheat and barley cutting has commenced in several parts of the southern and eastern portions of the province. Cutting will not be general, however, for some little time yet though indications are that harvesting will be earlier than usual. This will depend to some considerable extent on the weather conditions during the

FEELING PRETTY SMALL

Here's a good one for you—have it out—One day not long ago a promoter of our state was out touring and during the day had some news on. In order to keep dry he crawled into a hollow log. As the rules got worse the log began to swell until our hero

could get out the way. He really thought his end had come, and he thought of all the things he had done; and when he realized that he had come off on his vacation without paying up his newspaper subscription he felt so small that he crawled right out of the log without difficulty.

George Carpenter in "The Wonder Man"

The most popular man in the world—the star of an American society drama.

They and he was afraid; but he was afraid of only one thing—his loved one's good name.

A story of love, mystery and intrigue set in the ultra-exclusive diplomatic circles of Washington.

A life finished in the dark and diplomatic Washington was stirred to its very depths by the newspaper crying: "Katie! All About the Murder."

Although he was young, handsome and handsome, leader of Washington Society called him the "mysterious stranger." But instead of being mysterious he proved to be a non-reveler of mysteries.

A mysterious murder in the diplomatic circles of Washington and how it was solved by the fascinating young man after a series of thrilling episodes, solving a beautiful mystery.

FAIR NOTES

Three promises to be kept concerning in all times this year and the larger number of exhibits on record. In the competition for best collection we understand four ladies' societies are taking a keen interest and their exhibits will be a splendid attraction this year.

The Ladies' Aid of the Presbyterian church will serve afternoon tea on the grounds both days.

Leave your entries with the Secretary as late as the 18th (Thursday).

The ladies of the U.F.W. will serve luncheon on the grounds both days.

An added attraction this year will be the big Paw Wagon by the Indians.

Don't be afraid of the other fellows. If you have an exhibit bring it along.

Entries in the stock classes are coming strong and will certainly give previous years.

We understand a wedding of interest to Alix citizens took place at Stettin on Thursday. Maybe so, may be yes! This will tell.

Just as it there would be enough of these things to make the government for without adding the weather.

The Best of Weather and Large Crowds at Alix Fair The Largest Entry In The Annals of The Society

The Alix Agricultural Society
has held a successful fair
since its inception fourteen years
ago, but the exhibition held on
Friday and Saturday of last week
was beyond question a top-notch-
er and set a record which will take
some beating.

With the exception of the large
every section of every class, stock,
fairy, grain and grasses, vegeta-
bles, domestic work, ladies
work, children's work, etc., was
well fitted and competition keen.
All entries were of a higher
standard than ever before and to
the visitor was an eye opener as to
the progress of our district.

In the stock exhibit there was
a showing worthy of districts a
good deal larger and older than
Alix, there being over 300 entries.
In the stallion class C. E. Stone
won first with his handsome
Friesian, Ed. Williamson first
in Clydes and F. J. Marshall first
and second in S.B.C.s. Among
the other large exhibitors we
mentioned W. Brown, E. Connor,
G. Lee, J. Williamson, G. Con-
nell, E. Rogers, Geo. Lee, O. H.
Sang, C. Thomas and others.

The cattle exhibit was really
double that of any previous year
and among the exhibitors were:
J. W. Taylor, J. G. Murray, E.
Rogers, J. Clifton, B. F. Wolf,
Hassard Laid, George, J. W. Sime
& G. Dittie and others.

There was a notice of improve-
ment in the show classes, entries
being made from the Banks, J.
E. Parley & Son, O. Gilmour, C.
E. Stone and A. G. B. Co.
Although entries to bags were
light some very nice specimens
were shown by Taylor, George,
and Gilmour.

There was keen competition in
poultry and a wonderful showing
of birds.

The hall was literally packed
with exhibitors and visitors and
it was outside a few of the larger
fairs we had the best display they
had seen this year. Every class
was well up to the mark, being
even and eight hundred entries
of exhibits in the hall.

Children's work 100
Domestic work 100
An added feature of the fair
was the exhibition exhibit by
four of our societies which occu-
pied the entire end of the build-
ing and in a magnificent show-
ing of the part of the fair
in charge. Part of the
show in the U. F. A. and to the W.
men's Societies, due to the Ladies
and and to the Ladies and
day to the Y.M.C.

The competition throughout
was, practically all local and with
no doubt a tendency to better
our fair year by year.
Considerable improvement had
been made to the grounds by way
of curbs, paths, etc., but the
disposition was determined to build
larger and better and then we
their brain house as they had
to contend with this year.

A full list of the prize winners
will appear next week.

The monuments included a pro-
cess by over a hundred lanterns
from the Bathhouse reserve and
old days and large crowd and
witness the grand attire and the
dancing. It was to many their
first glimpse of the red and in
their past, heads, feathers and it
was a pleasure to the music of the
live tunes and will not soon be
forgotten.

The Junior ball had an away
win, while the seniors in a fast
game lost to Dalhousie 5-6.
The home team was better
in an over and over and over
conducted, as away as 18 hours
winning one race.

There was some extra good
hunting horses and riders.
The last race provided money
for the kids as well as the bid
to win. Minnie delighted all with
his merry air state.

The 1921 Fair all through was
a grand success and the officers
and directors and more than a
few with the public's satisfaction
of their effort.

U.F.W.
The next meeting will be
held on Saturday, September
12th.
The total proceeds from the
show on the Fair grounds ac-
ounted to \$24.00.

We will have on hand for de-
livery next week fruit for mar-
keting all kinds of cheap as fresh
as he said. Leave your orders
and be assured at quality.

Large Truck and Freight in the South Package

It's Good to Hear

It is a pleasure to hear that the Canadian National Railway is planning to build a new freight car for the purpose of carrying large trucks and freight in the south package. This is a very important step towards improving the efficiency of the railway and reducing the cost of transportation for shippers. The new car will be designed to carry up to 100,000 lbs. of freight, which will allow for the transport of large quantities of goods in a single trip. This will be a great benefit to the shipping industry and to the economy as a whole.

The Mistake of Hearing

It is a common mistake to hear what one wants to hear rather than what is actually said. This is especially true in the case of the Canadian National Railway, where the company has been accused of misleading the public about its plans for the new freight car. It is important to listen carefully to what the company has to say and to ask questions if there is any doubt about the information being provided. Only by doing so can the public make an informed decision about the railway's plans.

This is why it is so important to make sure that the passes are kept open as much as possible and that any closures are kept to a minimum.

When The Passes

When the passes are closed, it is a time of hardship for many people. This is because the passes are a vital link between different parts of the country and when they are closed, it can be difficult to get goods and services from one place to another. This is why it is so important to make sure that the passes are kept open as much as possible and that any closures are kept to a minimum.

IT CREATES BUSINESS

A statistician and business advertiser says: "It is a great mistake to consider advertising as an index of business, as one would consider bank deposits, railroad earnings, or foreign trade. Advertising is far more than the meter of business. Where railroad earnings may be compared to the thermometer which registers the heat, advertising may be compared to the sun, which warms it."

WHO SLAYS A FRIEND

Who slays a faithful friend,
A coward all the years,
One who, without an end,
Unknowing doubts and fears,
Has shunned from the sun,
Has earned his every need—
Who murders such a one
Is murder indeed
Who slays a faithful true
By any means
Arch murderer is he
Who doubtfully dost transgress,
Who leaves his faithful friend
May set a world ablaze—
And God shall see that bright
Red banner of his sinners.
—Dorothy Medlock

GOOD SHOW COMING

There are probably few more interesting today, during this school boy days, than to read John Van's book "20,000 Leagues Under The Sea". The book was always a popular one but in the days when it first came out it was looked upon more or less as the outcome of a very fertile imagination. Active men on board every day of the "Nautilus", as pictured in this book, have become a reality, and today, the under sea world is almost as secure and common as the floating leviathan. The Nautilus are now being depicted on the sporting series and people are to have an opportunity of seeing it at Alix next week.

Teacher - Can you tell me the shape of the sea?

Pupil - Yes, it's in a hole of a shape.

These folks pay dog bills with cash, some old checks and some old rubbers.

WILL THINK IT OVER

The Fall Meeting called for Saturday, last to discuss the advisability of discontinuing the Alix Chautauqua, which has been attended by a large number of delegates.

A. L. Datto, chairman of the board, called the meeting to order, outlining the object of the meeting.

Mr. M. J. L. Datto, representative of the Canadian side, was then called on and after a short speech, he suggested that the delegates should not give up now but that they should give the situation and the future of the Chautauqua a further consideration.

The meeting adjourned until the next meeting of the U. F. A. Valley children in the main room for discussion.

Every Farmer Needs a Ford

Ford
THE MOTOR CAR is a greater convenience to the average farmer than the telephone, the rural mail or even the grain elevator.

The motor which is offered as a very useful implement is rarely used more than in a few days of the year. The rest of the time it stands idle in a barn or in a shed, while the automobile is still in use throughout all seasons, and both day and night.

It is very ready to run down the lane to the field or the pasture with a parcel or a specimen, take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon wherever anything is wanted in a hurry. It is the most useful implement of convenience for the farm. It helps you conserve your time and time for productive work and enables you and your family to accomplish more with less money. You surely feel the need of a Ford. Why not order one today?

an increase of 30,000,000 bushels of wheat in the three prairie provinces over last year's crop, is the estimate of the Northwest Grain Dealers' Association. A wheat yield this year of around 350,000,000 bushels is probably a reasonable calculation. Other estimates of the nation's crop: Oats, 3,322,554,000; barley, 1,479,000; rye, 922,000 bushels, \$374,000.

One of the mysteries connected with cropsets is their appearance in larger numbers than usual every eleven years or so.

LOCAL INTEREST

The regular meeting of the G.
W. U. V. A. will be held on the 1st
Thursday, January 3rd, 1929.

The people of Alix Celebrated
on Friday at one of the 1929
popular Christmas entertainments
on Friday of last week in the Alix
theatre. The building was
constantly filled and a most de-
lightful program was rendered
consisting of drama, songs, rec-
itations, etc. It was a grand all
air and demonstration came upon
the ability of the audience of W.
12, and the painting of the
landscape. At the close of the
program the ladies, were each
presented with a gift and a box
of sweets from the beauty ladies
tree.

It has been stated that the ship-
ping of bags last December 1st had
numbered 11,000. Therefore
more than enough for the great
any of our customers to have. Also,
the first of December, no less than
210,000 worth has been shipped
from the local yards, and the
production has on the average.
This is the advantage of a mixed
farming district, ready money
from our marketable products.

The cold weather of the past
couple of weeks has been a burden
to the miners but luckily
there is no abundance of the snow
and plenty of teams willing to
haul it.

We were there looking on a busy
day that Christmas which had been
filled, crowded a gold nugget,
has been the source of coming a
small change to take out of the
mine the men up to the
banks. Unfortunately the snow
has been dry this year so that it
will be hard to get water to work
all the gold out of the mine, and
the time to get some water to
get up the gold - Information.

Imaginary Interviews-1

As I entered the office of the Editor (The Alix Free Press) the other day I got an odd calling down. The boss was in a bad humor and abashed. "Hello then, Mr. Editor, get to business out of here; go and do something, write something, confess your sins; what do you think I'm keeping you for, eh? Go and write something, anything, but don't come in here again without any go and interview the new Mayor of Alix, and then what he has to say about his great plans for the future."

I thought, why not, I might do worse; so I just went to find him. I found Mr. Worship as busy as a bee. "Good Day, Your Worship," I said. "I have come to interview you, Sir, about your task for the coming year in office." "Yes, yes," says he. "But I object to being interviewed, do you get me?"

However I persisted a question, which was one to be asked on a day of need at Alix. "What Alix is Chicago was—What Chicago is Alix will be?" Very slow, (and on time limit) he answered. His Worship's reaction was caught at once. "Well," says he, "you see I would like to make Alix a comfort, but, I find we are a little too high up—but, developments, my, well and so. Just in touch with the city as is representative to the 'Wright Limited', but you see, everything will be so much an enormous scale, and there will be such an enormous scale, and there will be no for such a small by plan elsewhere, I mean, outside this City Limited." "Well," says the Mayor, just look at this! And he shows me a pile of documents—explaining:

"Electric power, Water (drinking), Sewer system, Gas, oil, gas, Fire Brigade, Police, Hospital, Schools, Parks." "By," says the Mayor. "Is this it all?" "I could only agree," "Yes, your worship, it is. Good-day, your worship, Good day Sir, Sir."
